VI. The Chief Justice of Her Majesty's Supreme Court of Judicature, the Bishop of Madras, the Members of the Council of Madras, the Director of Public Instruction, the Principal and Acting Principal of the Presidency College, the President of the Medical College Council, all for the time being shall, while filling such offices, be ex-officio Fellows of the said University. The whole number of the Fellows of the said University, exclusive of the Chancellor and Vice-Chancellor for the time being, shall never be less than thirty; and whenever the number of the said Fellows, exclusive as aforesaid, shall by death, resignation, departure from India, or otherwise, be reduced below thirty, the Governor of Fort St. George in Council shall forthwith, by notification in the *Fort St. George Gazette*, nominate so many fit and proper persons to be Fellows of the said University as, with the then Fellows of the said University shall make the number of such Fellows exclusive, as aforesaid, thirty. But nothing herein contained shall prevent the Governor of Fort St. George in Council from nominating more than thirty persons to be Fellows of the said University if he shall see fit.

The appointment of a Fellow may be cancelled.

VII. The Governor of Fort St. George in Council may cancel the appointment of any person already appointed, or hereafter to be appointed, a Fellow of the University,

* Repealed by Act XII of 1876 of the Governor-General of India in Council.

and, as soon as such order is notified in the *Gazette*, the person so appointed shall cease to be a Fellow.

Chancellor, Vice-Chancellor, and Fellows to superintend the affairs of the University.

VIII. The Chancellor, Vice-Chancellor, and Fellows for the time being shall have the entire management of, and superintendence over, the affairs, concerns, and property of the said University; and in all cases unprovided for by this Act, it shall be lawful for the Chancellor, Vice-Chancellor, and Fellows to act in such manner as shall appear to them best calculated to promote the purposes intended by the said University. The said Chancellor, Vice-Chancellor, and Fellows shall have full power, from time to time, to make and alter any Bye-laws and Regulations (so as the same be not repugnant to law or to the general objects and provisions of this Act) touching the examination for Degrees and the granting of the same, and touching the examination for honors and the granting of marks of honor for a higher proficiency in the different branches of Literature, Science, and Art; and touching the qualifications of the candidates for Degrees and the previous course of instruction to be followed by them, and the preliminary examinations to be submitted to by them; and touching the mode and time of convening the meetings of the Chancellor, Vice-Chancellor, and Fellows; and, in general, touching all other matters whatever regarding the said University. And all such Bye-laws and Regulations, when reduced into writing, and after the common seal of the said University shall have been affixed thereto, shall be binding upon all persons, Members of the said University, and all candidates for Degrees to be conferred by the same, provided such Bye-laws and Regulations shall have been first submitted to, and shall have received the approval of, the Governor of Fort St. George in Council.

Bye-laws.

Meetings of the Senate.

IX. All questions which shall come before the Chancellor, Vice-Chancellor, and Fellows shall be decided at a Meeting of the Senate by the majority of the Members present; and the Chairman at any such Meeting shall have a vote, and, in case of an equality of votes, a second or casting vote. No questions shall be decided at any Meeting unless the Chancellor or Vice-Chancellor, and five Fellows, or, in the absence of the Chancellor and Vice-Chancellor, unless six Fellows at the least shall be present *at the time of the decision.* At every Meeting of the Senate the Chancellor, or, in his absence, the Vice-Chancellor, shall preside as Chairman; and, in the absence of both, a Chairman shall be chosen by the Fellows present, or the major part of them.

Appointment and removal of Examiners and Officers.

X. The said Chancellor, Vice-Chancellor, and Fellows for the time being shall have full power, from time to time, to appoint, and, as they shall see occasion, to remove all Examiners, Officers, and servants of the said University.

Power to confer Degrees.

XI. The said Chancellor, Vice-Chancellor, and Fellows shall have power, after examination, to confer the several Degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Licentiate of Medicine, Doctor of Medicine, and Master of Civil Engineering; they shall also have power, after examination, to confer upon the candidates for the said several Degrees marks of honor for a high degree of proficiency in the different branches of Literature, Science, and Art, according to rules to be determined by the Bye-laws to be from time to time made by them under the power in that behalf given to them by this Act.

Qualification for admission of candidates for Degrees.

XII. Except by special order of the Senate, no person shall be admitted as a candidate for the Degree of Bachelor of Arts, Master of Arts, Bachelor of Laws, Licentiate of Medicine, Doctor of Medicine, or Master of Civil Engineering, unless he shall present to the said Chancellor, Vice-Chancellor, and Fellows, a certificate from one of the Institutions authorized in that behalf by the Governor of Fort St. George in Council, to the effect that he has completed the course of instruction prescribed by the Chancellor, Vice-Chancellor, and Fellows of the said University, in the Bye-laws to be made by them under the power in that behalf by this Act.

Examination for Degrees.

XIII. The said Chancellor, Vice-Chancellor, and Fellows shall cause an examination for Degrees to be held at least once in every year; on every such examination, the candidates shall be examined either by Examiners appointed for the purpose from among the Fellows by the said Chancellor, Vice-Chancellor, and Fellows, or by other Examiners, so to be appointed; and on every such examination, the candidates, whether candidates for an ordinary Degree or for a Degree with honors, shall be examined on as many subjects and in such manner as the said Chancellor, Vice-Chancellor, and Fellows shall appoint.

Grant of Degrees.

XIV. At the conclusion of any examination of the candidates, the Examiners shall declare the name of every candidate whom they shall have deemed entitled to any of the said Degrees, and his proficiency in relation to other candidates; and also the honors which he may have gained in respect of his proficiency in that department of knowledge in which he is about to graduate; and he shall receive from the said Chancellor a certificate, under the seal of the said Uni-

versity of Madras, and signed by the said Chancellor or Vice-Chancellor, in which the particulars so stated shall be declared.

Fees

XV. The said Chancellor, Vice-Chancellor, and Fellows shall have power to charge such reasonable fees for the Degrees to be conferred by them, and upon admission into the said University, and for continuance therein, as they, with the approbation of the Governor of Fort St. George in Council, shall, from time to time, see fit to impose. Such fees shall be carried to one General Fee Fund for the payment of expenses of the said University, under the directions and regulations of the Governor of Fort St. George in Council, to whom the accounts of income and expenditure of the said University shall once in every year be submitted for such examination and audit as the said Governor of Fort St. George in Council may direct.

Annual accounts.

SUPPLEMENTARY ACT.

ACT No. XLVII OF 1860.

(Received the assent of His Excellency the Governor-General on the 6th October, 1860.)

AN ACT *for giving to the Universities of Calcutta, Madras, and Bombay, the power of conferring Degrees, in addition to those mentioned in Acts II, XXII, and XXVII of* 1857.

Preamble.

WHEREAS it is expedient to give to the Universities of Calcutta, Madras, and Bombay, established under Acts II, XXII, and XXVII of 1857, the power of conferring Degrees other than the Degrees in that Act expressly provided for; It is enacted as follows :—

Power of Universities to confer Degrees.

I. It shall be competent to the Chancellor, Vice-Chancellor, and Fellows of the Universities of Calcutta, Madras, or Bombay respectively, to confer such Degrees, and to grant such Diplomas or Licences in respect of Degrees, as the said Chancellor, Vice-Chancellor, and Fellows of any such University shall have appointed, or shall appoint by any Bye-laws or Regulations made and passed, or to be made or passed by them in the manner provided in the said Acts, and submitted to, and approved by, the Governor-General in Council as far as regards the University of Calcutta, or by the Governor in Council of Madras or Bombay as regards the Universities of Madras and Bombay respectively.

Construction.

II. All the provisions contained in the said Acts II, XXII, and XXVII of 1857, with respect to the Degrees therein mentioned and the examinations for those Degrees, shall apply to any Degrees which may be conferred under this Act and to the examinations for such Degrees.

ACT FOR CONFERRING HONORARY DEGREES.

ACT I OF 1884.

(Received the assent of His Excellency the Governor-General on the 4th February, 1884.)

AN ACT *to amend the law relating to the granting of Honorary Degrees by the Universities at Calcutta, Madras, and Bombay.*

WHEREAS it is expedient to amend the law relating to the granting of Honorary Degrees, and to give to the Universities at Calcutta, Madras, and Bombay, the power of granting the Degree of Doctor in the Faculty of Law to persons who have not undergone a previous examination; and whereas the executive Government of each of the said Universities is, by Bye-laws made under the Acts establishing the same, vested in a Syndicate consisting of the Vice-Chancellor and certain of the Fellows;

It is hereby enacted as follows:—

Repeal of Act XXI of 1875.

I. Act No. XXI of 1875 *(an Act to authorize the University at Calcutta to grant Honorary Degrees)* is repealed.

Power to confer Honorary Degree of Doctor in the Faculty of Law.

II. If the Vice-Chancellor and not less than two-thirds of the other Members of the Syndicate of any of the Universities at Calcutta, Madras, and Bombay, recommend that an Honorary Degree be conferred on any person, on the ground that he is, in their opinion, by reason of eminent position and attainments, a fit and proper person to receive such a Degree, and their recommendation is supported by a majority of those present at a Meeting of the Senate and is confirmed by the Chancellor, it shall be lawful for the Chancellor, Vice-Chancellor, and Fellows to confer on that person the Degree of Doctor in the Faculty of Law, without requiring him to undergo any examination.

III.

BYE-LAWS AND REGULATIONS

OF THE

UNIVERSITY OF MADRAS.

---

1. THE SENATE.

1. The Senate shall meet ordinarily once a year in the month of April, and at other times when convened by the Vice-Chancellor.

2. The Vice-Chancellor, or, in his absence, the Senior Fellow according to date of appointment, shall convene a Meeting of the Senate on the requisition of any six Fellows.

3. No question shall be brought under the consideration of the Senate which has not first been submitted to the Syndicate.

4. Except in the case of urgent business, no Meeting of the Senate shall be held unless fifteen days' notice of the intention to hold such Meeting be given by the Registrar.

The Registrar shall with the notice issue an Agenda paper showing the business to be brought before the Meeting and the terms of all resolutions to be proposed of which notice in writing has previously reached him, and the names of the proposers. Notices in writing of proposed amendments and the terms thereof and of motions for any change in the order of business as set forth in the Agenda paper, which are to be circulated to the Fellows before the Meeting, should be forwarded so as to reach the

Registrar five clear days* before the day of such Meeting. The Registrar shall, two clear days before the day of Meeting, forward to each Member of the Senate an Agenda paper showing all the motions and amendments; and no motion and, unless expressly sanctioned by a majority of the Members present, no amendment, of which such notice has not been given, shall be put to the Meeting, other than a motion for dissolution, adjournment, or suspension of the sitting, for passing to the next business on the Agenda paper, for directing the Syndicate to review their decision, or an amendment which shall be accepted by the Chairman as merely formal. The adjournment of the debate may however be moved for the purpose of giving notice of an amendment, which has not been allowed to be put.

5. Nine Fellows shall constitute a quorum, and all questions shall be decided by a majority of the votes of the Fellows present.

6. The Vice-Chancellor, in the absence of the Chancellor, shall preside at Meetings of the Senate, or, if the Vice-Chancellor be not present, a Chairman for the occasion shall be elected by the Fellows present. If the votes, including that of the Chairman, are equally divided, the Chairman shall have a casting vote.

ORDER OF BUSINESS.

7. At the expiration of half an hour from the time of Meeting, the Chairman shall take notice whether there are nine Fellows present; and if there are not, the Meeting shall forthwith be dissolved. If at any time during the progress of business any Member shall call attention to the fact that there is not a quorum present the Meeting

* "Five clear days" means five days exclusive of the day on which notice reaches the Registrar and of the day of Meeting. Thus, if the Meeting is fixed for Saturday, the notice must reach the Registrar on the Saturday previous.

shall forthwith be dissolved. Such dissolutions shall be recorded by the Registrar under the signature of the Chairman.

8. At every Meeting the business to be entertained shall, unless the Meeting by special vote otherwise determine, be taken in the following order :—

(1) The election, if it is part of the business to be entertained at the Meeting, of the Chairman.

(2) Any motion for a change in the order of business.

(3) The election, if it is part of the business to be entertained at the Meeting, of any official of the University.

(4) Any business and motions of which due notice has been given in the following order :—

(*a*) Matters brought forward by the Syndicate.

(*b*) Proposals made by Fellows in the order in which they have been sent up by the Syndicate.

RULES OF DEBATE.

(i)—*Motions.*

9. Every motion shall be affirmative in form, and shall begin with the word *That.*

10. Every motion at a Meeting must be seconded; otherwise it shall drop. Any Fellow may second a motion, by saying "I second the motion," and may reserve his speech.

11. When a motion has been seconded, it shall be stated from the Chair, unless it be ruled out of order.

12. When the proposal has been thus stated, it may be discussed as a question to be resolved either in the affirmative, or in the negative, or as proposed to be varied by way of amendment. When, before or after debate, no

Fellow rises to speak to the motion, the Chairman shall proceed to put the question to the vote in the manner hereinafter mentioned.

13. Not more than one proposal and one amendment thereto shall be placed before the Meeting at the same time.

14. A proposal once brought forward shall not be proposed a second time at the same Meeting, or at any adjournment thereof. A proposal substantially identical in part with one already brought forward may be brought forward with the omission of such part.

(ii)—*Amendments.*

15. Any proposal before the Meeting may be amended (1) by leaving out a word or words; (2) by leaving out a word or words in order to add or insert some other word or words; (3) by adding or inserting a word or words.

16. When the amendment is of the first kind the form in which it will be proposed and handed to the Chair will be, "That the words (mentioning them) be left out of the question."

When the amendment is of the second kind, the form will be, "That the words (mentioning them) be left out of the question, in order to add [or insert] the words (mentioning them)."

When the amendment is of the third kind, the form will be, "That the words (mentioning them) be added [or inserted]."

17. No amendment shall be proposed which would reduce a proposal to a negative form, or would alter the first word.

18. Every amendment must be relevant to the motion upon which it is moved, and be framed so as to form therewith an intelligible and consistent sentence.

19. No amendment shall be proposed which substantially raises a question already disposed of by the Meeting, or is inconsistent with any resolution already passed by it.

20. An amendment, the substance of which has been disposed of in part, may be modified by its proposer so as to retain only the part not so disposed of.

21. The order in which amendments to a proposal are to be brought forward shall be determined by the Chairman.

22. An amendment must be seconded in the same way as a motion; otherwise it shall drop.

23. When an amendment has been moved and seconded, it shall, unless ruled out of order, be stated from the Chair, and then the debate may proceed on the original proposal and the amendment together.

(iii)—*Putting the Question; Further Amendments.*

24. When the debate is concluded, the Chairman shall put the question to the vote thus:—

If there is no amendment, the Chairman shall say "The question is," and state the motion.

If there is an amendment, he shall say "It has been moved," and state the motion; then he shall say "Since which it has been moved by way of amendment," and state the amendment; and then, if the amendment is one of the first two kinds, he shall put the question "Shall the words (or word) proposed to be left out be retained."

If the amendment is of the second kind, and the last-mentioned question has been resolved in the affirmative, the amendment shall drop. If the last-mentioned question has been negatived, the Chairman shall then put the question "Shall the proposed words be added" [or "inserted"].

If the amendment is of the third kind, the first question put shall be "That those words be there added" [or "inserted"].

25. If an amendment is negatived, the original motion shall be again stated from the Chair, and, subject to the foregoing Bye-laws, any other amendment duly notified shall then be proposed thereto.

26. If an amendment is carried, the proposal as amended shall be stated from the Chair, and may then be debated as a substantive question, to which the further amendments to the original proposal of which due notice has been given and so far as they shall be applicable, may be proposed subject to the foregoing Bye-laws; and such further amendments shall be disposed of in the same manner as the original amendment.

27. No question shall be withdrawn from the decision of the Meeting without its unanimous consent; but this consent shall be presumed if the mover states his wish to withdraw the motion, and the Chairman, after an interval during which no dissent is expressed, announces that it is withdrawn.

(iv)—*Adjournments.*

28. A proposal "That this Meeting be now dissolved" or "be now adjourned to (some specified time)" may be moved at any time as a distinct question, but not as an amendment, nor so as to interrupt a speech. If a motion for dissolution is carried, the business before the Meeting shall drop.

29. A proposal "That the debate be now adjourned to (some specified time)" may be moved at the like time and in the like manner as the motion "That this Meeting be now adjourned," and if carried shall have the effect of postponing the debate till the time specified. If it be negatived, the debate shall be resumed.

30. No amendment shall be moved to a proposal under either of the two last preceding Bye-laws, except one for substituting a different time for that for which it is proposed to adjourn the Meeting or debate

31 A Meeting or a debate renewed or continued after an adjournment is to be deemed one with that preceding the adjournment

32. The motion "That the Meeting pass to the next business on the Agenda paper" may be made at any time, in like manner and subject to the same rules as one for adjournment. If such a motion be carried, the proposal under consideration and the amendment thereon, if any, shall drop.

33. No motion for the dissolution or for the adjournment of the Meeting, or for the adjournment of the debate, or for the suspension of the sitting, or to pass to the next business, shall, except by leave of the Meeting, be moved or seconded by any Fellow who has spoken to the question then before the Meeting, or who during the discussion of such question has already made one of the aforesaid motions. Any such motion shall take precedence of any question that may be before the Meeting, and, if not withdrawn, must be disposed of before such question.

34. When a motion of the class contemplated in the last preceding Bye-law has been brought forward and negatived, no other motion of that class shall be again brought forward until after the lapse of what the Chairman shall deem a reasonable time; nor shall a debate be allowed on such second or subsequent motion brought forward during a debate on the same question.

(v)—*Miscellaneous.*

35. The Fellow who first rises to speak, at the conclusion of a speech, has the right to be heard. In cases

of competition the Chairman shall decide who is in possession of the Meeting.

36. Except as hereinafter provided a Fellow having spoken to a motion or amendment is not at liberty to speak again to such motion or amendment.

37. In so far as the question raised by the amendment is one on which he has not yet spoken, any Fellow may speak to that question, though he has spoken to the original question, or a previous amendment.

38. When the Chairman has ascertained that no other Fellow entitled to address the Meeting desires to speak, the mover of the original resolution may reply upon the whole debate. But the mover of an amendment, or of a dissolution or adjournment, or of the suspension of the sitting, or that the Meeting pass to the next business on the Agenda paper, has no right of reply.

39. No Fellow shall speak to the question after the mover has entered on his reply.

40. The Chairman has the same right of moving or seconding or speaking to a motion or amendment as any other Fellow. But he shall vacate the chair whilst he is so engaged; and the chair shall during such time be taken by the Senior Fellow present not being the Chairman Without leaving the chair the Chairman may, however, at his discretion, or at the request of any Fellow, explain to the Meeting the scope of any motion or amendment.

41. Any Fellow may, even whilst another is speaking, rise to explain any misconception of expressions used by him, but he shall confine himself strictly to such explanation.

42. Any Fellow may call the Chairman's attention to a point of order even whilst another Fellow is addressing the Meeting, but no speech shall be made on such point of order.

43. The Chairman shall be the sole judge on any point of order, and may call any Fellow to order, and shall have power to take such action as may be necessary to enforce his decision.

44 Any motion or amendment standing in the name of a Member who is absent from a Meeting, or who declines to move it, may be brought forward by any other Member.

45. Meetings of the Senate shall ordinarily be brought to a close at 7 o'clock P M.

(vi)—*Voting.*

46. On putting any question to the vote, the Chairman shall call for an indication of the opinion of the Senate by a show of hands in the affirmative and negative, or by sitting and rising, and shall declare the result thereof acccording to his opinion.

47. Any Fellow may then demand a Division, except on a motion of the kind contemplated in Bye-laws 28 and 29.

48. The Chairman shall thereupon give such directions for effecting the Division as he shall consider expedient.

(vii)—*Committees.*

49. The Senate may, when it thinks fit, appoint a Committee consisting of any number of its Members, or it may resolve itself into a Committee.

50. A motion for the appointment of a Committee or for the resolution of the Meeting into a Committee may be made by any Member at any time and without the notice required by Bye-law 4. Such motion must be proposed and seconded, otherwise it shall drop.

51. A motion for the appointment of a Committee must define the purpose for which the Committee is to serve.

The Member moving shall name the persons whom he wishes to form the Committee and the names of such per-

sons shall form part of his motion. Amendments enlarging or restricting the operations of a Committee or proposing the removal or addition of names, may be made without previous notice.

52 The quorum for a Committee of the whole Senate shall be the same as that provided for the Meetings of the Senate, the quorum for a Committee appointed by the Senate shall be not less than a majority of the Members appointed.

53. In Committee the proceedings shall be governed by the rules framed for debate, except that no notice need be given of motions or amendments, no motion need be seconded, and every Member may speak on any question as often as he chooses.

54. The resolutions passed by the Senate in Committee shall be embodied in a report by the Registrar, but shall not become final until they have been confirmed by the Senate at a subsequent Meeting.

55. The resolutions of a Committee appointed by the Senate shall be embodied in a report prepared by a Member of the Committee, which report shall be laid before the Committee for adoption or amendment. The report shall be presented to the Senate at its next Meeting subject to the provisions of Bye-law 4 respecting notice.

ELECTIONS.

56. In all cases of election, the election shall be by ballot by means of voting papers.

57. In the case of a contested election between more than two candidates for a paid appointment, the candidates shall be proposed and seconded. The ballot shall then be taken, and the candidate who has the smallest number of votes on a first ballot shall be withdrawn, and

another ballot between the remaining candidates shall then be taken; and so on until the number of candidates is reduced to two, when the final ballot between these two shall be taken.

58. In all other cases of election, each Fellow shall be entitled to give as many votes as there are appointments to be filled, but shall not give more than one vote for one person; and the candidate or candidates having the largest number of votes shall be elected. When rendered necessary by two or more candidates having an equal number of votes, a fresh ballot shall be taken between these candidates; and if in the second ballot the votes are equal, the Chairman shall have a casting vote.

59. Within two weeks after a Meeting of the Senate, a draft of the Minutes of such Meeting shall be circulated for confirmation to such Fellows as were present, and the Minutes so confirmed shall be attested by the Chancellor, Vice-Chancellor, or Chairman In the event of exception being taken to the correctness of any Minute, the Minute shall be brought forward at the next Meeting for confirmation by such of the Fellows as were present when the business was transacted to which the Minute refers.

PROTESTS.

60. Any Member of the Senate intending to protest against a resolution of the Senate, shall give notice of his intention to the Registrar within forty-eight hours from the date of the Meeting at which the resolution was passed, and within one week from such date lodge his protest with the Registrar. The Registrar shall thereupon cause the protest to be printed and circulated to each Member of the Senate who was present at the Meeting, with a request that he will record a vote for three Members of the Senate to form a Committee to prepare a Memorandum in support of the resolution. The three Members receiving the

largest number of votes and who are willing to act shall frame the Memorandum accordingly, and the Registrar shall submit the protest and Memorandum, together with a copy of the resolution, for the consideration and orders of the Governor in Council.

CONVOCATION FOR CONFERRING DEGREES.

61. A Convocation for the purpose of conferring Degrees shall be held annually in the month of March and at such other time as the Chancellor shall direct.

62. Candidates for Degrees must, five clear days before the day fixed for Convocation, inform the Registrar in writing of their intention to be present. No person shall be admitted to Convocation who has not thus sent in his name to the Registrar.

63. Any person who, having sent in his name to the Registrar as a candidate for a Degree at Convocation, fails to appear, shall, when he next applies for his Degree, be charged a fee of Rupees Ten, unless he can furnish to the Syndicate a sufficient reason for his non-appearance.

64. The Chancellor, Vice-Chancellor, and Fellows shall assemble in the Senate Room at the appointed hour.

65. The Fellows having taken their seats, the Registrar shall then read the reports of the Examiners, unless it is agreed to take them as read. The reports shall be in the following form :—

We, the Examiners appointed by the Senate of the University of Madras to conduct the Examination for the Degree of....., do hereby certify that we have examined the persons whose names are hereinafter set down, and that we do adjudge them to be worthy of the Degree of....., and do recommend them accordingly to be admitted to the same.

Witness our hands, &c.

66. The Graces of the Senate on behalf of the candidates for admission to the several Degrees will be supplicated in the following order:

Law—by the President of the Faculty of Law.

Medicine—by the President of the Faculty of Medicine.

Civil Engineering—by the President of the Faculty of Engineering.

Arts—by the President of the Faculty of Arts.

67. The formula to be used for each Grace shall, *mutatis mutandis*, be as follows:

..... Chancellor, I move that a Grace of the Senate be passed that those persons whom the Examiners have certified to be qualified for the Degree of .... be admitted to that Degree.

68. Whereupon the Chancellor shall put the question "*Doth it please you that this Grace be passed?*" and the Senate assenting, the Chancellor shall say "*This Grace is passed.*"

69. When all the Graces have been passed, the Chancellor, Vice-Chancellor and Fellows shall proceed in procession to the Hall in which the Degrees are to be conferred.

70. The Hall shall be so arranged that the Chancellor's chair may be somewhat in advance; the chairs assigned to the Vice-Chancellor and Fellows being placed in a half circle, so as to leave full space for the presentation of the candidates.

71. The candidates shall be arranged in a line opposite to the Chancellor.

72. On the procession entering the Hall, the candidates shall rise and remain standing until the Chancellor, Vice-Chancellor, and Fellows have taken their seats.

73. The Chancellor, Vice-Chancellor, and Fellows having taken their places, the Chancellor shall say:

This Convocation of the Senate of the University of Madras has been called to confer Degrees upon the candidates who, in the Examinations recently held for that purpose, have been certified to be worthy of the same. Let the candidates stand forward.

74. Then the candidates standing, the Chancellor shall put to them the following questions:

Question.—*Do you sincerely promise and declare that, if admitted to the Degrees for which you are severally candidates, and for which you have been recommended, you will in your daily life and conversation conduct yourselves as becomes Members of this University?*

Answer.—I do promise.

Question.—*Do you promise that to the utmost of your opportunity and ability you will support and promote the cause of morality and sound learning?*

Answer.—I do promise.

Question.—*Do you promise that you will, as far as in you lies, uphold and advance social order and the well-being of your fellow-men?*

Answer.—I do promise.

In the case of candidates for Professional Degrees, the following addition shall be made:

Question.—*Do you promise that you will faithfully and carefully fulfil the duties of the Legal, Medical and Engineering professions, that you will on all occasions maintain their purity and reputation, and that you will never deviate from the straight path of their honourable exercise by making your knowledge subservient to unworthy ends?*

Answer.—I do promise.

75. Then the Chancellor shall say:

Let the candidates be now presented.

76. Then the candidates shall be presented to the Chancellor by the Heads of their respective Schools or Colleges, or by one of the Examiners.

77. The manner of presentation shall be as follows:

The presenter shall advance with the candidate to the Chancellor, and shall say:

.....Chancellor, I present unto you this person.....
.....who has been certified, after examination, to be duly qualified to receive the Degree of.....
....., in the University of Madras.

78. Then the Chancellor shall say to the candidate:

....., *by virtue of the authority vested in me as Chancellor of the University of Madras, I admit you to the Degree of.....in this University, and in token thereof I present unto you this Diploma, and authorize you to wear the hood ordained, as the insignia of your Degree.*

79. The Chancellor shall then present to the candidate the Diploma and the presenter shall invest him with the hood. The candidate shall then bow and retire to his place.

80. When all the candidates have been presented, the Chancellor shall say to the Registrar:

Let the Degrees conferred now be proclaimed.

81. Then the Registrar shall read the Record of the Degrees conferred, as follows:

We the Chancellor, Vice-Chancellor, and Fellows of the University of Madras, do hereby proclaim and make known that we have admitted to the Degrees of Bachelor of Laws,

Bachelor of Medicine and Master in Surgery, Licentiate of Medicine and Surgery, Bachelor of Civil Engineering, Master of Arts, and Bachelor of Arts, the following persons, they having been first certified unto us as fit persons to receive the same.

82. The Registrar shall then present the above Record to the Chancellor, who shall sign the same.

83. Then an address shall be made to the candidates by a Member of the Senate appointed by the Chancellor, exhorting them to conduct themselves suitably unto the position to which, by the Degree conferred upon them, they have attained.

84. The address being ended, the Chancellor, Vice-Chancellor, and Fellows shall rise up, and the Chancellor shall say :

I dissolve this Convocation.

85. Then the Chancellor, Vice-Chancellor, and Fellows shall retire in procession to the Senate Room, the Graduates standing.

II. THE FACULTIES.

86. The Senate shall be divided into four Faculties, namely, Arts, Law, Medicine, and Engineering : every Fellow shall belong to one Faculty at least, and any Fellow may belong to more than one Faculty.

87. The Faculties shall be appointed by the Senate at its Annual Meeting in April.

88. Each Faculty shall elect its own President at the Annual Meeting in April. Every Meeting of a Faculty shall be convened by its President, or, in his absence, by the Senior Fellow belonging to that Faculty according to date of appointment.

89. If any Faculty omit to elect a President within one month after its appointment or after a vacancy occurs, the Vice-Chancellor may appoint any Fellow of such Faculty to be its President.

90. Not less than three days' notice of a Meeting of a Faculty shall be given to each Member thereof. The notice shall be accompanied or followed by an Agenda paper showing all the business to be brought before the Meeting and any papers connected therewith.

91. At all Meetings of a Faculty the President shall take the chair, but in case of his absence the Fellows present shall appoint a Chairman. If the votes, including that of the Chairman, are equally divided, the Chairman shall have a casting vote.

92. Seven Fellows of the Faculty of Arts and three Fellows of any of the other Faculties shall constitute a quorum.

93. Within one week after a Meeting of a Faculty, a draft of the Minutes of such Meeting shall be circulated for confirmation to such Members as were present, and the Minutes so confirmed shall be attested by the President or Chairman.

III. THE SYNDICATE.

94 The executive government of the University will be vested in a Syndicate, consisting of the Vice-Chancellor and eight of the Fellows, who shall be elected for one year by the several Faculties, at the Annual Meeting of the Senate in April, in the following proportions :—

Five by the Faculty of Arts.
One by the Faculty of Law.
One by the Faculty of Medicine.
One by the Faculty of Engineering.

95. No Fellow shall be eligible as a Member of the Syndicate who is not resident in or near Madras; and any Member of the Syndicate who shall have been absent from the town of Madras, for a period of more than three months, or shall have quitted the town of Madras with the intention of being absent for more than three months, may be declared by the Syndicate to have vacated his seat.

96. In the event of a vacancy occurring in the Syndicate, a new Member shall forthwith be elected by the Faculty for the remainder of the current year.

97. If any Faculty omit to elect a Member of the Syndicate within one month after a vacancy occurs, the Vice-Chancellor shall appoint one from among the Members of that Faculty.

98. The Syndicate shall meet ordinarily in the first week of every alternate month, or at other times when convened by the Vice-Chancellor, or, in his absence by the Senior Member of the Syndicate according to date of election.

99. Not less than three days' notice of a Meeting shall be given to each Member of the Syndicate. The notice shall be accompanied or followed by an Agenda paper showing all the business to be brought before the Meeting and any papers connected therewith.

100. Three Members of the Syndicate shall constitute a quorum, and all questions shall be decided by a majority of the votes of the Members present.

101. The Vice-Chancellor shall preside at Meetings of the Syndicate; but, in case of his absence, the Members present shall appoint a Chairman for the occasion, and, if the votes, including that of the Chairman, are equally divided, the Chairman shall have a casting vote.

102. Within one week after a Meeting of the Syndicate, a draft of the Minutes of such Meeting shall be circulated for confirmation to such Members as were present, and the Minutes so confirmed shall be attested by the Vice-Chancellor or Chairman, and thereafter be circulated for information to such Members resident in Madras as were absent.

103. It shall be the duty of the Syndicate to appoint and to remove the Examiners and all other Officers of the University, except the Registrar; to consider and to decide on the exceptional cases contemplated by Section XII of the Act of Incorporation; to regulate examinations; to recommend for Degrees, Honors, and Rewards; to keep the accounts of the University; and to correspond on the business of the University with the Government and all other authorities and persons.

104. The Syndicate shall be empowered to appoint during the current year, until the Annual Meeting of the Senate in April, any Fellow recently appointed, to any one or more of the Faculties.

105. The Syndicate shall be empowered to frame such Bye-laws as may, from time to time, be necessary, and to submit them to the Senate for confirmation.

106. The Syndicate shall be empowered to refer any subject to a Faculty for consideration, and to call upon it for a report thereupon.

107. Any Faculty or Fellow shall be at liberty to submit any question to the Syndicate for its consideration, and subsequently to bring before the Senate the decision of the Syndicate thereupon, with a view to its modification or annulment.

108. It shall be in the power of the Syndicate, under special circumstances, to dispense with a strict compliance

with the Bye-laws, so far as they regulate the time, place and manner of any examination and the interval to elapse between one examination and another, provided that the Resolution passed in every such case shall be reported to the Senate at its next Meeting with a full statement of the special grounds upon which the Syndicate acted.

IV. BOARDS OF STUDIES.

109. There shall be Boards of Studies in the following branches of knowledge:—

(1) English.
(2) Greek, Latin, French and German.
(3) Sanskrit and Uriya.
(4) Arabic, Persian and Urdu.
(5) The Dravidian Languages.
(6) Mathematics and Natural Philosophy.
(7) Physical Science.
(8) Natural Science.
(9) Mental and Moral Science.
(10) History.
(11) Law.
(12) Medicine.
(13) Engineering.

110. The Boards are empowered to recommend the Text-books required from year to year, to consult specialists who are not Fellows of the University; and they shall consider and report on all matters referred to them by the Syndicate.

111. The Members of the respective Boards shall be appointed by the Syndicate from among the Fellows, shall severally hold office for three years from the date of appointment, and shall be eligible for re-appointment. A Member who has been absent from India for a period exceeding six months, may be declared to have vacated his seat, and his place may be filled up.

112. No Board shall consist of fewer than three or more than nine Members.

113. The Chairman of a Board, who shall ordinarily be the Senior Fellow on that Board resident in the city or suburbs of Madras, shall be appointed by the Syndicate.

V. THE REGISTRAR.

114. The Registrar shall be appointed by the Senate.

115. The tenure of the office of Registrar shall be limited to two years, but the same individual shall be eligible for re-election.

116. In the event of a vacancy occurring in the office of Registrar, a special Meeting of the Senate, if necessary, shall be convened for the purpose of appointing a Registrar and in the meanwhile the Syndicate may appoint a Registrar *pro tempore*.

117. The Registrar shall be the custodian of the Records, Library, Common Seal, and such other property of the University as the Syndicate shall commit to his charge.

118. The Registrar shall conduct the duties of his office under the instructions of the Syndicate.

119. It shall be the duty of the Registrar to give notice of Meetings of the Senate, Syndicate, and Faculties, to the respective Members thereof, and to keep a record of the proceedings of all such Meetings. He shall also, on application previously made for the purpose of fixing a convenient hour, arrange that any Member of the Senate, of the Syndicate, or of a Faculty, shall have access to the proceedings of the Senate, Syndicate, or Faculty respectively, and to any documents connected with such proceedings.

VI. THE ASSISTANT REGISTRAR.

120. The appointment of the Assistant Registrar by the Syndicate in accordance with Bye-law 103 shall be subject to the confirmation of the Senate.

121. The office shall be tenable for a period of five years, but the same individual may be re-appointed, and in that case his service shall, for the purpose of determining his salary, be deemed to have continued for the full number of years he has served.

122. The salary of the Assistant Registrar shall be Rs. 200 per mensem, rising by annual increments of Rs. 25 to Rs. 300.

123. The duties of the Assistant Registrar shall be from time to time defined by the Syndicate.

VII. EXAMINERS.

124. A Committee composed of sixteen Fellows (not being Members of the Syndicate), resident within the Presidency of Madras and the Native States having Colleges affiliated to the University, shall be appointed by the Senate annually in the month of January, for the purpose of nominating Examiners and Assistant Examiners. The Faculties of Law, Medicine and Engineering shall be represented on the Committee by at least one Member each.

125. The Chairman of the Committee shall be the Senior Fellow elected to serve on the Committee who is a resident in the Town of Madras.

126. In appointing the Committee Fellows shall be at liberty to vote by voting papers.

127. In nominating Examiners the Members of the Committee shall be at liberty to vote by voting papers.

128. The Committee shall not be restricted to the nomination of so many gentlemen only as may be required to fill the offices of Examiners and Assistant Examiners throughout the year. The Syndicate shall be bound to consider such nominations, but its selection is not limited to them.

129. The Committee, through its Chairman, shall submit its nominations to the Syndicate not later than the 31st March.

130. The Examiners appointed by the Syndicate to examine in any subject or group of subjects shall, as a body, conduct and be responsible for all Examinations in the subject or group of subjects for which they have been appointed, whether in Arts, Law, Medicine or Engineering.

131. There shall be not less than two Examiners in any subject or group of subjects.

132. For the above purpose the subjects of Examination shall be grouped as follows :—

(1) English; (2) Sanskrit; (3) Greek and Latin; (4) Arabic, Persian and Urdu; (5) Tamil; (6) Telugu; (7) Kanarese; (8) Malayalam; (9) Uriya; (10) French and German; (11) Mathematics, Pure and Mixed; (12) Physics; (13) Chemistry; (14) General Biology; (15) Botany; (16) Physiology and Zoology; (17) Geology and Palæontology; (18) Psychology, Logic and Ethics; (19) Geography, History and Political Economy; (20) Ethnology and Comparative Philology; (21) Law; (22) Medicine and Pathology, Materia Medica and Practical Pharmacy, Hygiene; (23) Surgery, including Surgical Pathology, Anatomy, Ophthalmology; (24) Midwifery, including diseases of women and children; (25) Medical Jurisprudence; (26) Engineering.

133. The duties of Assistant Examiners shall be limited to examining the answer papers under the supervision of the Examiners.

134. Examiners shall ordinarily be appointed not less than three months before the Examination.

135. The Examiners in each subject or group of subjects shall appoint one of their number to forward to the Registrar, on or before a day to be fixed by the Syndicate, a statement in the prescribed form, showing the marks awarded by them to each candidate in each paper or portion of a paper set by them, together with a letter containing any remarks or suggestions which they may consider to be deserving of the attention of the Syndicate.

VIII. GENERAL.

136. No question shall be put at any University Examination calling for a declaration of religious belief on the part of the candidate, and no answer or translation given by any candidate shall be objected to on the ground of its expressing any peculiarity of religious belief.

IX. EXAMINATIONS AND DEGREES.

1.—Matriculation Examination.

137. A Matriculation Examination shall be held in Madras once a year, commencing on the 15th day of December, unless that day falls on a Sunday, in which case the Examination shall be held on the Monday following. Candidates may also be examined at other places appointed by the Syndicate.

The Syndicate shall publish annually, in the month of January, a list of places at which Examinations shall be held.*

* The other centres for December 1886 are.—Bangalore, Batticaloa, Bellary, Berhampore, Calicut, Chicacole, Cocanada, Coimbatore, Cuddalore, Cuddapah, Ernakulam, Hassan, Hyderabad (Deccan), Jaffna, Kumbakonam, Kurnool, Madura, Mangalore, Masulipatam, Mercara, Mysore, Negapatam, Nellore, Ootacamund, Palamcottah, Pudukotah, Rajamundry, Salem, Shimoga, Tanjore, Tellicherry, Trichinopoly, Trincomali, Trivandram, Tuticorin, Vellore and Vizagapatam.

138. Applications for admission to this Examination in the form hereinafter prescribed must reach the Registrar not later than the 1st October preceding.

139. No candidate shall be registered unless he have previously paid a fee of Twelve Rupees. Candidates failing to pass a Matriculation Examination may be admitted to subsequent examinations on payment of a like fee of Twelve Rupees on each occasion.

140. The Matriculation Examination shall be conducted by means of printed papers, which shall be the same for all candidates, and shall be given out to them on the same days and hours at each place of examination.

141. Candidates for the Matriculation Examination shall be examined in the following branches of knowledge :—

i.—ENGLISH LANGUAGE,

in which each candidate must undergo examination.

ii.—OPTIONAL LANGUAGE.

One of the following languages at the option of the candidate :—

Sanskrit.	Urdu.	Uriya.
Greek.	Tamil.	French.
Latin.	Telugu.	German.
Arabic.	Kanarese.	
Persian.	Malayalam.	

iii.—MATHEMATICS.

(*a*) *Arithmetic.*—The first four Rules, Reduction, Vulgar and Decimal Fractions, Proportion, Practice, Extraction of the Square and Cube Roots, Interest, Discount, Present Worth and Stocks.

N.B.—Questions of an Algebraical or not purely Arithmetical character shall, as far as possible, be excluded.

* In the Déva Nágari character only.

(*b*) *Algebra.*—Addition, Subtraction, Multiplication, Division, Involution and Evolution of Algebraical Quantities, and Simple Equations with easy Problems.

(*c*) *Geometry.*—The first three books of Euclid with easy deductions.

iv.—General Knowledge.

(*a*) *Elements of Physics.*

(*b*) *Elements of Chemistry.*

N.B.—Questions of an Arithmetical character shall, as far as possible, be excluded from the papers on Physics and Chemistry.

(*c*) *History*—

(1) The History of India. The whole.

(2) The outlines of the History of England.

(*d*) *Geography.*—General Geography, and the Geography of India in particular.

142. There shall be two papers of questions in the English language, one of which shall bear exclusively upon the selected text-books, and the other contain a piece or pieces for paraphrase not selected from the text-books and questions on the language generally.

In the second language there shall also be two papers, of which one shall contain questions on the text-books, and on the grammar, structure, and idiom of the language, while the other shall consist wholly of passages for translation from English into the second language and from the second language into English, with the addition, in the case of Vernacular languages, of original composition.

The passage for translation from English into the Vernacular shall be the same for all languages. The passages for translation from the second language into English shall consist partly of extracts from the text-books and partly of extracts of somewhat less difficulty from other authors.

143. The questions in each subject shall not be more in respect of number or of difficulty than can be answered within the allowed time by a candidate of decided ability well prepared in the subject.

144. The Matriculation Examination shall be conducted in the order of time and subjects set forth in the following table, and the number of marks assignable to each subject shall be as therein specified :—

Days.	Hours.	Subjects.	Marks.	
First day...	10—1 2—5	English.....	60 60	120
Second day	10—1 2—5	Optional Language.....	40 40	80
Third day..	10—1 2—3-30	Arithmetic..... Algebra.....	50 30	120
Fourth day	10—12 2—3-30 3-35—5-5	Geometry ..... Physics... .....25 Chemistry.....25	40 50	130
Fifth day...	10—12 12-5—2-5 3—5	Indian History.....25 English History .....25 Geography	50 30	
		Total ...		450

145. The candidates shall be ranked in the order of proficiency as determined by the total marks obtained by each, and shall be arranged in two classes :—

The 1st, consisting of those who have obtained not less than one-half of the aggregate number of marks.

The 2nd, of those who have obtained not less than one-third of the aggregate number of marks.

Candidates failing to obtain one-third of the marks in English, one-fourth in each of the other branches (except in the case of the Vernacular languages in which one-third

shall be required), or one-third upon the whole, shall not pass.

Form of Statement to be submitted by the Tabulator.

Register Number.	Name of Candidate.	Optional Language.	Number of Marks obtained.				Total number of Marks obtained.	Whether passed or not passed.	If passed, in what class ranked.	Remarks.
			English.	Optional Language.	Mathematics.	General Knowledge.				
			120	80	120	130	450			

146. A certificate signed by the Registrar shall be given to each passed candidate, setting forth the date of the examination, the optional language in which he was examined, and the class in which he was placed.

All applications for certificates must ordinarily reach the Registrar not later than the first of May succeeding the examination; and a fee of Three Rupees shall be charged for all certificates issued on applications made after that date.

II.—First Examination in Arts.

147. The First Examination in Arts shall be held in Madras once a year, commencing on the fifteenth day of December, unless that day falls on a Sunday, in which case the Examination shall be held on the Monday following. Candidates may also be examined at other places appointed by the Syndicate.

The Syndicate shall publish annually, in the month of January, a list of places at which examinations shall be held.*

148. Candidates for this examination must have completed two years from the time of passing the Matriculation Examination either in this or some other Indian University.

149. Applications for admission to this examination, in the form hereinafter prescribed, must reach the Registrar not later than the 1st October preceding. Each candidate must forward with his application his Matriculation certificate and, unless specially exempted from so doing, a certificate from the Head of some College or School authorized in that behalf by the Governor of Fort St. George in Council to the effect that he has studied the subjects prescribed for this examination and has attended an authorized institution or institutions for a period of at least eighteen months since passing the Matriculation Examination. Applications for exemption from the production of the latter certificate should be forwarded not earlier than the 1st July immediately preceding.

150. No candidate shall be registered unless he have previously paid a fee of Twenty-four Rupees. Candidates failing to pass one examination may be admitted to subsequent examinations on payment of a like fee of Twenty-four Rupees on each occasion.

151. The First Examination in Arts shall be conducted by means of printed papers, which shall be the same for all candidates, and shall be given out to them on the same days and hours at each place of examination.

* The other centres for December 1886 are the same as given in the footnote to Bye-law 137.

152. Candidates for the First Examination in Arts shall be examined in the following branches of knowledge:—

i.—ENGLISH LANGUAGE,

in which each candidate must undergo examination.

ii.—OPTIONAL LANGUAGE.

One of the following languages at the option of the candidate:—

Sanskrit.*	Urdu.	Uriya.
Greek.	Tamil.	French.
Latin.	Telugu.	German.
Arabic.	Kanarese.	
Persian.	Malayalam.	

iii.—LOGIC.

Names.—Different kinds of terms. Connotation and Denotation.

Ambiguity of terms, its causes and remedies.

Concepts and Classes. Grades of Generality.

The Predicables.

Verbal and real Predication.

Division and Definition.

Propositions.—Different kinds of propositions. Quantity. Quality. Modality. Conditional and Disjunctive propositions.

Opposition.

Immediate inference:—Greater to less in Denotation and in Connotation. Obversion. Conversion. Added Determinants and Complex Conception. Synonymous propositions.

Import or meaning of propositions.

Syllogisms.—Fundamental canon and special rules. Mood. Figure Reduction. Enthymeme. Sorites.

Conditional and Disjunctive syllogisms. Dilemma.

Fallacies connected with Names, Propositions, and Syllogisms.

[*N.B.*—Questions of a psychological character shall be excluded; and the examination shall as far as possible be of a practical nature, so as to test the candidate's ability in dealing with the various transformations which names, propositions and syllogisms undergo.]

* In the Déva Nágari character only.

iv.—Mathematics.

(*a*) *Algebra.*—Addition, Subtraction, Division, Involution and Evolution.

Greatest Common Measure and Least Common Multiple.

Simple and Quadratic Equations, with Problems.

Proportion and Variation.

Permutations and Combinations.

Arithmetical, Geometrical, and Harmonical Progressions, Binomial Theorem.

(*b*) *Geometry.*—Euclid—Books I, II, III, IV, VI, and XI to Proposition 21, with Deductions.

(*c*) *Plane Trigonometry.*—The solution of Plane Rectilineal Figures, with the investigations of the Formulæ required in the several processes.

The construction of Tables of Goniometric Functions.

The use of the Level and Theodolite.

v.—Elements of Human Physiology.

vi.—History and Geography.

(*a*) The History of England from A. D. 1603.

(*b*) The History of Greece to the death of Alexander.

(*c*) The History of Rome to the death of Augustus.

N.B.—The Examiners shall be at liberty to put geographical questions bearing upon the historical subjects.

153. There shall be three papers on the English language, two of which shall bear *exclusively* on the authors brought up for examination, while the third shall contain passages for paraphrase and explanation not taken from the text-books, and general questions on the grammar, idiom, and structure of the language.

In the second language there shall be two papers, of which one shall contain questions on the text-books and on the grammar, structure, and idiom of the language, while the other shall consist wholly of passages for translation from English into the second language, and from the second language into English, with the addition, in the case of Vernacular languages, of original composition.

The passage for translation from English into the Vernacular shall be the same for all languages. The passages for translation from the second language into English shall consist partly of extracts from the text-books and partly of extracts of somewhat less difficulty from other authors.

154. The paper on Euclid, Books I to VI, and Algebra, as well as that on Euclid, Book XI, and Plane Trigonometry, shall consist mainly of book-work, and the riders and problems introduced into it shall be only of moderate difficulty.

155. The questions in each subject shall not be more in respect of number or of difficulty, than can be answered within the allowed time by a candidate of decided ability well prepared in the subject.

156. The First Examination in Arts shall be conducted in the order of time and subjects set forth in the following table, and the number of marks assignable to each subject shall be as therein specified :—

Days.	Hours.	Subjects.	Marks.	
First day ...	10—1	English Poetry	60	150
	2—5	English Prose	50	
Second day ...	10—1	English Language.....	40	
	2—5	Physiology		70
Third day ...	10—1	Optional Language	40	80*
	2—5	Do.	40	
Fourth day ...	10—1	Algebra and Geometry ..	75	150
	2—5	Trigonometry and Euclid, Book XI	75	
Fifth day ...	10—12	History	50	100
	12-5—2-5	Do.	50	
	3—5	Logic		50
		Total ...		600

* 100 marks are allowed for Sanskrit, Greek, Latin, Arabic and Persian.

157. The candidates shall be ranked in the order of proficiency as determined by the total marks obtained by each, and shall be arranged in two classes:—

The 1st, consisting of those who have obtained not less than one-half of the aggregate number of marks.

The 2nd, of those who have obtained not less than one-third of the aggregate number of marks.

Candidates failing to obtain one-third of the marks in English, one-fourth in each of the other branches, or one-third upon the whole, shall not pass.

Form of Statement to be submitted by the Tabulator.

Register Number.	Name of Candidate.	Optional Language.	Number of Marks obtained.						Total number of Marks obtained.	Whether passed or not passed.	If passed, in what class ranked.	Remarks.
			English.	Optional Language.	Logic.	Mathematics.	Physiology.	History.				
			150	80	50	150	70	100	600			

158. A certificate, signed by the Registrar, shall be given to each passed candidate, setting forth the date of the examination, the optional language in which he was examined, and the class in which he was placed.

All applications for certificates must ordinarily reach the Registrar not later than the first of May succeeding the examination; and a fee of Three Rupees shall be charged for all certificates issued on applications made after that date.

iii.—Examination for the Degree of BACHELOR OF ARTS.

159. (*a*) The examination for the B. A. Degree shall be divided as follows :—

i.—*Language Branch.*

ii.—*Optional Branches.*

(*b*) No Candidate shall be permitted to appear for an Optional Branch until he has passed in Language, but having passed in Language, he shall not again be required to present himself for examination in that Branch in order to qualify for the Degree.

(*c*) No Candidate shall be eligible for the Degree of B. A. until he has passed in one Optional Branch, but while he may pass in two or more Optional Branches before he proceeds to the Degree of B. A., he shall, in no case, be permitted to appear in two Optional Branches in the same year.

(*d*) The examination in Language shall be held once a year commencing on the 1st day of December, unless that day falls on a Sunday, in which case, the examination shall begin on the Monday following. The examination in the Optional Branches shall be held in Madras once a year, commencing on the 3rd Monday in January.

160. A Candidate for the Degree of B. A., must have completed four terms in an affiliated College after passing the First Examination in Arts in this or one of the other Indian Universities, before he may appear for the examination in Language.

161. Applications for admission to the examination in Language, or in Language and in an Optional Branch, in the form hereinafter prescribed, must reach the Registrar not later than the 1st October preceding. Each Candidate must forward with his application a certificate of his having passed the First Examination in Arts. Unless specially exempted from so doing, he must also forward, so as to reach the Registrar before the date fixed for the commencement of the Language Examination, a certificate from the Head of one of the Institutions authorized in that behalf by the Governor of Fort St. George in Council to the effect that he has completed the course of instruction prescribed by the University and has attended an authorized institution or institutions for a period of at least four terms after passing the First Examination in Arts.

Applications, in the form hereinafter prescribed, for admission to examination in an Optional Branch alone, must reach the Registrar not later than the 1st November preceding. Each Candidate must forward with his application a certificate of his having passed the examination in Language; and, unless specially exempted from so doing, he must also forward, so as to reach the Registrar before the date fixed for the commencement of the examination, a certificate from the Head of one of the institutions authorized in that behalf by the Governor of Fort St. George in Council to the effect that he has completed the course of study prescribed by the University in an affiliated institution in the Branch in which he appears for examination.

Applications for exemption from the production of the certificate required by Section XII of the Act of Incorporation, should be forwarded not earlier than the 1st July immediately preceding the examination at which the Candidate wishes to appear.

162. No Candidate shall be registered unless he have previously paid a fee of Thirty-six Rupees, which shall cover the examination in Language and one examination in an Optional Branch. Candidates failing to pass one examination may be admitted to subsequent examinations on payment of a like fee of Thirty-six Rupees on each occasion. The fee for each additional examination in an Optional Branch shall be Ten Rupees.

163. The examination for the Degree of B. A. shall be conducted by means of printed papers.

164. The subjects of examination in the Language and Optional Branches shall be as follows :—

I. Language Branch.

(1) The English Language in which each Candidate must undergo examination.

(2) One of the following languages at the option of the Candidate :—

Sanskrit.*	Persian.	Malayalam.
Greek.	Tamil.	Urdu.
Latin.	Telugu.	Uriya.
Arabic.	Kanarese.	

II. Optional Branches. One or more of the following branches of knowledge at the option of the Candidate :—

BRANCH I.

Mathematics and Natural Philosophy.

(*a*) PURE MATHEMATICS.

Algebra.—As for the First Examination in Arts, and in addition the following :—Scales of Notation ; Calculation and use of Logarithms . Interest, Annuities, &c. ; Indeterminate Equations of the 1st degree.

* In the Déva Nágari character only.

Geometry.—Including—

(*a*) *Euclid*, as for the First Examination in Arts, with Problems.

(*b*) *Conic Sections*, the fundamental Propositions, with Riders.

Plane Trigonometry.—As for the First Examination in Arts, and in addition the following :—Inverse Trigonometrical Functions; DeMoivre's Theorem; the Expansion of Sin^n θ and Cos θ in terms of the Sines and Cosines of multiples of θ. Series for the Calculation of π.

Spherical Trigonometry.—As in Todhunter's Spherical Trigonometry, Chapters I—VIII.

Theory of Equations.—Including General Properties of Equations and Roots; Transformation of Equations; Descartes' Rule of Signs; Equal Roots; Limits of Roots; Commensurable Roots; Depression of Equations; Reciprocal Equations; Binomial, Cubic, and Biquadratic Equations.

Analytical Geometry of two Dimensions.—Including the Straight Line, the Parabola, the Ellipse, and the Hyperbola; and the General Equation of the 2nd degree; but omitting Poles and Polars and Abridged Notation.

The Differential Calculus.—As in Todhunter's Differential Calculus, Chapters I—VII, X, XI, XIII, XVIII to XXVI, all inclusive; those articles being omitted which the author recommends students first reading the subject to omit.

(*b*) Natural Philosophy

[treated without the aid of the Differential Calculus.]

Dynamics, including (*a*) *Kinematics*, (*b*) *Kinetics*, and (*c*) *Statics*.

(*a*) *Kinematics.*—Motion, absolute and relative, Composition and Resolution of linear Velocities and Accelerations and of angular Velocities. Elements of Simple Harmonic motion. Parabolic motion. Motion of a particle under gravity (i) in free space, (ii) down an inclined plane, (iii) down a circular arc. The simple pendulum.

(*b*) *Kinetics.*—Mass; Force; Momentum; Kinetic Energy or *vis vivâ*; Gravity; Measures of Force; Absolute Units of Force; Composition and Resolution of Forces; Moments; Centre of Inertia or Mass; Moment of Inertia; Work; Energy and its Mechanical Measure; Newton's three Laws of Motion; Attwood's Machine; Conservation of Energy. Direct and Oblique Impact of perfectly and imperfectly elastic spheres; the Ballistic Pendulum.

(c) *Statics.*—Composition and Resolution of Forces (statically considered) in the same or parallel planes. The Parallelogram and Polygon of Forces; Conditions of Equilibrium of a body acted on by Forces in one plane. The Theory of the Simple Machines, without and with Friction; the principle of Virtual Velocities as applied to the Simple Machines.

Hydrostatics and *Pneumatics.*—The Transmission of Pressure by, and the Variation of Pressure within, non-elastic fluids; the conditions of equilibrium of a Floating body. Specific gravity.

The properties of Elastic Fluids.

The principal Instruments and Machines whose action depends on these fluids.

Geometrical Optics.—Reflection and Refraction of direct Pencils of Light at plane and spherical surfaces, [omitting calculations for aberration]. Prisms and Lenses; Microscopes and Telescopes; General explanation of the Spectrum, Achromatism, the Rainbow and the Eye.

Astronomy.—Including the Earth, Figure and diurnal Motion, The Tides.

The explanation of the Celestial Sphere.

The principal features of the Solar System.—The Sun, Primary and Secondary Planets, Comets, and Meteoric Streams.

The Real and Apparent motions of the heavenly bodies; Kepler's Laws. Refraction, Parallax, Precession, Nutation, and Aberration.

General Explanation of Solar and Lunar Eclipses and of occultations of stars and planets.

Determination of Solar Parallax by transits of Venus, and by oppositions of Mars and of the nearest of the Minor Planets.

The Fixed Stars: their annual parallaxes, proper motions, and variations of light: Binary Systems; Nebulæ.

BRANCH II.

Physical Science.

i.—(a) EXPERIMENTAL PHYSICS, (b) INORGANIC CHEMISTRY, THEORETICAL, (c) INORGANIC CHEMISTRY, PRACTICAL.

ii.—One of the following at the option of the Candidate:—

A.—MIXED MATHEMATICS AND ADVANCED PHYSICS.

B.—CHEMISTRY, THEORETICAL AND PRACTICAL.

i.—Experimental Physics and Inorganic Chemistry.

(a) Experimental Physics.

[Candidates will be expected to show a general acquaintance with the Methods and Apparatus by which the leading principles of Physics, as enumerated below, can be illustrated and applied.]

Units of Measurement.

The Laws of Motion considered experimentally.

The Chief Forces of Nature.

The general properties of Solids, Liquids, and Gases.

The nature, intensity, and transmission of Fluid Pressure in general.

The Pressure of Liquids in Equilibrium under the action of Gravity.

The Equilibrium of Solids floating or entirely immersed in gravitating Fluids. The Specific Gravities of substances, with the ordinary modes of determining them.

Measurement of the Pressure of the Atmosphere and of the Elastic Force of Gases.

Diffusion of Liquids and Gases.

Definition of Work and Energy; Conservation and Transmutation of Energy.

Acoustics.—Production and mode of Propagation of Sound. Intensity, Pitch, and Quality. Velocity of Sound in Air. Influence of Temperature and Density. Velocity of Sound in other Media. Laws of Reflexion and Refraction. Nature of Musical sounds. Longitudinal Vibrations of Rods and of Columns of Air. Transverse Vibrations of Strings. Variation in their rate of Vibration by changes in their tension, length, thickness and substance.

Heat.—Definitions of Heat and Temperature. Construction of Instruments for the Measurement of Temperature. Expansion of Solids, Liquids, and Gases under Heat. Change of State; Tension of Vapours; Latent Heat. Radiant Heat, its reflexion, refraction, and absorption. Conduction; definition of Thermal Conductivity; Convection. Specific Heat. Mechanical Equivalent of Heat.

Magnetism.—Properties of Magnets. Induction. Magnetic relations of Iron and Steel. Terrestrial Magnetism.

Electricity.—Two Electrical States; and their mutual relations. Conduction and Insulation. Induction. Electric Attraction and

Repulsion. Distribution and Accumulation of Electricity on Conductors. Electric Discharge. Voltaic Electricity; the various Batteries. Electromotive Force, Strength of Currents, Resistance; Ohm's Law. Heating and Chemical effects of Electric Currents. Action between Currents and Magnets, Electro-Magnetism. Induced Currents; Magneto-Electricity. Thermo-Electricity.

Optics.—Laws of Propagation of Light. Measurement of Velocity of Light. Photometry. Laws of Reflexion and Refraction of Light. Reflection at Plane and at Spherical Surfaces. Refraction at Plane and at Spherical Surfaces. Refraction through Lenses, including the formation of Images. Chromatic Dispersion.

(b) INORGANIC CHEMISTRY, THEORETICAL.

Differences between Mechanical Mixture, Solution, and Chemical Combination. Outlines of Crystallography. Formation of Crystals. Dimorphism. Isomorphism. Conditions on which the Melting-point and the Boiling-point of a substance depend. Difference between Elementary and Compound substances. Laws of Chemical Combination. Equivalent Weights of the Elements. Multiple Proportions. The Atomic Theory. Atomic Value (Quantivalence). Molécules. Molecular Weights. Relation between the Density of a Gas and its Molecular Weight. Abnormal Densities. Avogadro's hypothesis. Combination of Gases by volume. Compound Radicals. Atomic and Molecular Combination.

Meaning of Chemical Symbols, Formulæ, and Equations. Calculation of quantities by weight and by volume. Chemical changes, and the conditions under which they occur. Combination. Decomposition. Double decomposition. Nature of Acids, Bases, and Salts. Capacity of Saturation of Acids and Bases. Nomenclature.

Relation between Atomic Weight and Specific Heat Faraday's Electrolytic Law. Principles of Spectrum-analysis. Diffusion of Gases.

Hydrogen, Chlorine, Bromine, Iodine, Fluorine.—The combinations of the last four elements with Hydrogen.

Oxygen.—Ozone. Water and Peroxide of Hydrogen. The oxides and oxyacids of Chlorine Chlorates and Hypochlorites.

Sulphur.—Sulphuretted Hydrogen. The Oxides of Sulphur. Sulphuric Acid and the Sulphates. Sulphurous Acid and the Sulphites. Chlorosulphuric Acid.

Nitrogen.—The Atmosphere, and its relations to Animal and Vegetable Life. Ammonia. Ammonium and its Salts. The oxides of Nitrogen. Nitric acid and Nitrates. Nitrous acid and Nitrites.

Phosphorus.—Phosphuretted Hydrogen. The oxides of Phosphorus. Phosphoric Acid and the Phosphates. Chloride and Oxychloride of Phosphorus.

Arsenic and its oxides. Arseniuretted Hydrogen. Arsenious Acid and its Salts. Arsenic Acid and its Salts. The Sulphides of Arsenic. Detection of Arsenic.

Antimony, its oxides and sulphides. Antimoniuretted Hydrogen. Chlorides of Antimony. Compounds of Antimonic Oxide. Detection of Antimony.

Boron.—Boracic Acid and the Borates.

Carbon.—Carbonic oxide and Carbonic acid. The Carbonates. Carbon Oxysulphide. Sulphocarbonic Acid. Marsh-gas. Ethylene. Combustion. Structure of Flame. Coal-gas. Davy Lamp. Principles of Illumination.

Silicon.—Siliciuretted Hydrogen. Silicon Chloride. Silicon Chloroform Silica and the Silicates.

Potassium Sodium. Silver.

Calcium. Strontium Barium

Aluminium.

Lead. Magnesium. Zinc. Cadmium

Manganese. Iron. Cobalt. Nickel. Chromium.

Bismuth. Copper Mercury. Gold. Tin. Platinum.

The chief compounds of these metals with the more important Acid radicals.

(*c*) Inorganic Chemistry, Practical.

Qualitative Analysis.—Detection of the more commonly occurring Bases and Inorganic Acids in given compounds: each substance to contain not more than one Base and one Acid.

The Examiner, if he thinks fit, shall be at liberty to examine Candidates *viva voce*.

ii A.—Mixed Mathematics and Advanced Physics.

(*a*) Mixed Mathematics.

[The questions put under this head will be such as may be answered by simple mathematical methods.]

The Composition, Resolution, and Equilibrium of Concurrent Forces.

The Composition, Resolution, and Equilibrium of Parallel Forces.

The Centres of Gravity of Rigid Bodies.

The Mechanical Powers.

The Measures of Velocity, Acceleration, and Force.

The Accelerations of Masses under the action of Forces.

The Laws of Rectilinear Motion.

The Rectilinear Motion of Particles under the action of Gravity.

(*b*) Advanced Physics.

[The subjects will be treated mathematically as well as experimentally, so far as the Mathematics of the First Examination in Arts are applicable.]

Friction.

Elasticity of Solids, Liquids, and Gases; Methods of Measurement.

Capillarity.

Connexion between Energy and Velocity. The various Energies and their Transmutations.

Conservation and Dissipation of Energy.

Acoustics.—Indirect methods of measuring Velocity of Sound. Transverse Vibrations of Rods. Tuning-forks. Vibrations of Plates and Membranes. Musical Intervals. Composition of Vibrations. Beats. Interference. Resonance. Harmonics. Quality of Musical Sounds. Methods of analysing Complex Sounds.

Heat.—Methods of measuring Specific Heat. Coefficients of Expansion, Tension of Vapours, and Latent Heat; with the chief results that have been obtained. Relation between Emission and Absorption of Radiant Heat. Theory of Exchanges. Laws of Cooling. Variation with Temperature of Quality and Quantity of Radiation. Measurement of Coefficients of Conductivity and their variation with Temperature. Laws of Thermodynamics and their principal Applications.

Optics.—Optical description of the Eye, and Theory of unaided Vision through Lenses, Microscopes and Telescopes. Spectrum-analysis. Conditions of Achromatism in thin Compound Prisms and Lenses. The Wave Theory; its explanation of Reflexion and Refraction. Interference, Double Refraction, and Polarization. Nicol's Prisms. Interference of Polarized Light; Rotatory Polarization.

Magnetism.—Magnetic Moments, and Methods of comparing them. The Methods of determining the Dip, Total Intensity, and Magnetic Declination, at any place. Secular and Diurnal Variations. Disturbances and their Laws. Connexion between Magnetic Disturbances and other phenomena. Diamagnetism.

Electricity.—Measurement of Electrical Density, Capacity, Quantity, and Potential. Centimetregramme-second system of Units. Theory of Voltaic Battery. Measurement of Electromotive force, Current, and Resistance. Action of Currents on Currents.

ii B.—Chemistry, Theoretical and Practical.

Theoretical Chemistry.

Inorganic Chemistry.—Treated more fully than in the compulsory paper.

Organic Chemistry.—Detection and estimation of Carbon, Hydrogen, Nitrogen, and Sulphur in Organic Compounds. Calculation of Empirical formulæ from percentage composition, Determination of Molecular weight of organic bodies. Compound Radicals. Mode in which the atoms are supposed to be united in the molecule. Types. The Valency of Compound Radicals in relation to the Valency of the Constituent atoms. Saturated and Non-saturated Compounds.

Isomerism. Metamerism. Polymerism. Homologous series. Classification of the Carbon Compounds.

The general action of Chlorine, Nitric acid, Sulphuric acid, Chromic acid, Nascent Hydrogen, Potash, and the Chlorides of Phosphorus on the Principal groups of Carbon Compounds.

Fermentation. Decay.

Synthesis of the following :—Urea. Ethyl Alcohol. Tartaric acid. Alizarine.

Derivatives of the series $C_n H_{2n} + 2$.

Marsh-gas. Ethyl hydride. A special knowledge of Methyl and Ethyl Alcohols and their chief derivatives, particularly Ethers, Acetic Aldehyde, Formic and Acetic acids, with Acetone and Isopropyl alcohol, will be required : also a general acquaintance with the higher Alcohols and their chief derivatives.

The Ethylamines. Tetraethylammonium. Cacodyl. Zinc methyl. Silicon ethyl.

Ethylene and its chief derivatives. Glycol. Glycolic acid. Lactic acid. Glyoxal. Oxalic acid. Succinic acid. Malic acid. Tartaric acid: Citric acid.

Cyanogen and its compounds. Prussic acid. Cyanides and Double Cyanides. Cyanic and Cyanuric acids. Sulphocyanides. Ureas.

Uric acid. Guanidine. Glycocyamine. Glycocyanidine. Sarkine. Creatine. Creatinine. Theobromine. Caffeine.

Glycerine and Allyl Alcohol and their chief derivatives. Constitution of Fats and Oils. Erythrite. Mannite. Glucose and Levulose. Cane-sugar. Milk-sugar. Cellulose. Starch. Glycogen. Dextrine.

Aromatic compounds. Benzene. Toluene. Phenol. Cressol. Hydroquinone. Resorcin. Pyrocatechin. Pyrogallic acid. Oil of Bitter Almonds. Benzylalcohol. Benzoic acid. Benzophenone. Hippuric acid. Salicylic acid and Isomeric acids. Oxysalicylic acid. Gallic acid. Phthalic acid and Isomeric acids. Styrol (Cinnamic alcohol). Nitrobenzene. Aniline. Toluidine. Rosaniline. Diazobenzene and its compounds. Naphthalene. Anthracene. Oxanthraquinone. Alizarine. Indigo and Indol. Cymene. Camphor and Terpenes.

Glucosides. Amygdaline. Salicine. Tannine.

Alkaloids. Conine. Nicotine. Morphine. Strychnine. Quinine. Cinchonine.

Taurine. Lecithin. Choline. Albumin. Fibrin. Casein.

Practical Chemistry.

Qualitative Analysis.—Substances will be given for analysis containing not more than two Acids, and two Bases, Organic or Inorganic, but not more than one Organic Acid and one Organic Base. The Inorganic Acids and Bases to be those embraced in the Compulsory Chemistry; the Organic Acids and Bases to be selected from the following list;—

Oxalates, Acetates, Benzoates, Succinates, Tartrates, Urates, Gallates, Tannates, Cyanides, Double Cyanides, Alcohol, Starch, Grape-sugar, Urea, Morphia, Quinine, Strychnine.

The Examiner, if he thinks fit, shall be at liberty to examine Candidates *vivâ voce*.

BRANCH III.

Natural Science.

i.—General Biology.

ii.—One of the following Sciences at the option of the Candidate :—

A.—Botany.

B.—ANIMAL PHYSIOLOGY

C.—ZOOLOGY.

D.—GEOLOGY.

[Candidates will be expected to have an elementary knowledge of Chemistry and Physics.]

GENERAL BIOLOGY.

Theoretical Biology.

Structure, functions, and life-history of simple Unicellular Plants such as *Protococcus* and *Saccharomyces* (yeast), as types of vegetable life.

Structure, functions, and life-history of *Penicillium Mucor*, or some other simple Fungus.

Structure, functions, and life-history of *Chara* or *Nitella*. Morphology, Histology, and history of the reproduction of a Fern.

Morphology and Histology of a Flowering plant; structure of a flower; Homologies of leaves and floral organs; Histology of ordinary vegetable tissues, such as epidermis, parenchyma, fibrovascular tissue, and their arrangement in the stem and leaves.

Growth of a Flowering plant; formation of wood and bark; nature of cambium.

Reproduction of a Flowering plant; structure of ovule; methods of fertilization; development of ovule into seed.

General principles of Vegetable nutrition; food of plants; action of green parts of plants; nature and flow of sap.

Structure, functions, and life-history of the following Animals, as types of some of the chief divisions of the Animal Kingdom:—

Freshwater Polypes, Earthworm, Mussel (*Mytilus*), Snail, Prawn (*Penæus*) and Craw-fish (*Palinurus*).

General histology of chief animal tissues:—blood; pavement columnar, ciliated, and glandular epithelium; connective tissue cartilage; bone; muscle; nerve-fibres and nerve-cells.

General physiology of Circulation, Respiration, and Digestion in the Frog, together with the fundamental properties of muscle, nerve and the spinal cord.

Reproduction of the Frog, and chief phases in the life of the Tadpole.

Practical Biology.

Candidates must be prepared—

To answer *vivâ voce* questions.

To examine microscopically, to dissect, and to describe, specimens of the Plants and Animals referred to in the preceding Syllabus.

ii A.—Botany.

Theoretical Botany.

Histology—

The structure of the Cell.

The Chemical and Physical properties of Protoplasm.

The nature and mode of origin of the Cell-sap, chlorophyll, corpuscles, starch, and aleurone-grains, raphides.

The Chemical and Physical properties of the Cell-wall, and the mode in which it is added to.

The Formation and Growth of Plant-tissues by Cell-division.

The Differentiation of Primitive tissue into Epidermal, Fibrovascular, and Fundamental tissues.

Morphology—

The points of structure and development which essentially characterize the following groups:

Phanerogams.—Anonaceæ, Papaveraceæ, Cruciferæ, Malvaceæ, Rutaceæ, Leguminosæ, Myrtaceæ, Cucurbitaceæ, Rubiaceæ, Compositæ, Sapotaceæ, Asclepiadeæ, Amarantaceæ, Euphorbiaceæ, Casuarineæ, Cycadaceæ, Palmaceæ, Aroideæ, Liliaceæ, Gramineæ.

Cryptogams.—Selaginelleæ, Lycopodiaceæ, Rhizocarpeæ, Filices, Equisetaceæ, Hepaticæ, Musci, Characeæ, Florideæ, Basidiomycetes, Ascomycetes, Lichenes, Fucaceæ, Volvocineæ, Peronosporeæ, Conjugatæ, Mucorini, Confervaceæ, Myxomycetes, Palmellaceæ, Oscillatorieæ, Saccharomyces, Schizomycetes.

The Taxonomic relations of these Groups, and their distribution in Time and Space.

Physiology—

The Materials of Plant Food; the organs by which they are absorbed.

The Movements of Water and Gases in plants.

The general nature of the changes by which the Food materials are converted into the materials of the Tissues; their distribution throughout the Plant.

Respiration.

The influence of Light and Temperature upon Plants.

Growth; Heliotropism; Geotropism; twining of Stems and Tendrils.

Periodic movements; Irritability.

General phenomena of Sexual Reproduction: Hybridization; Dichogamy.

Causes of Variation; Origin of Species.

Practical Botany.

Candidates must be prepared—

To answer *vivâ voce* questions.

To make preparations illustrating the anatomy and histology of specimens, to give descriptions of these preparations and to illustrate their appearance with sketches.

To describe, with illustrative sketches, definite portions of plants —such as the tissues, vessels, ducts, seeds, fruits, &c.—so far as is necessary for their identification.

To make dissections with the simple microscope of the floral organs of any two Indian plants, to give sketches of these sufficient for their identification and to refer them to their orders.

To describe in technical language any plant belonging to one of the orders of flowering plants specified in the preceding syllabus, to construct a floral diagram of the plant and to refer it to its genus.

To show their practical acquaintance with the simple or compound microscope, or both.

ii B.—Animal Physiology.

Theoretical Physiology.

Chemical Composition of Food. The quantities and kinds of food required to balance the losses of the economy. The several processes to which the Food is subjected in digestion.

Absorption in general; chyliferous and lymphatic absorption.

The Blood, its organic and chemical constitution; phenomena and mechanism of Circulation.

Respiration, its mechanical and chemical actions; effects of its suppression.

Temperature of the Body; production and regulation of Animal Heat.

Secretion and Excretion; construction and operation of Secreting Apparatus. Chemical composition and amount of the Urinary, Cutaneous, and Pulmonary excretions.

Muscular and other Contractile substance; phenomena presented by acting Contractile substance.

Nutrition, Growth, and Reparation.

The Mechanism of Locomotion, Voice, and Speech.

Constitution and Functions of Nervous System. Distinction of Motor and Sensory Nerves or Nerve-fibres Phenomena presented by Nerves in action. Influence on Contractile tissue.

Functions of Brain, Spinal Cord, and Ganglia. Sensation, Voluntary Motion, Reflex Action. Inhibitory Action. Influence of Nervous System on Heart and Blood-vessels, and on Secreting organs.

Organs of the Senses and their functions.

Reproductive Organs and their functions.

Changes produced in the Ovum by impregnation. Outline of the Development of the Embryo and its Envelopes. Nutrition of the Fœtus. Changes which occur at Birth in the Fœtus and in the Parent. Lactation.

Changes which take place with Age in the Proportions of the Body; in the Skeleton; in the Dentition; and in the Reproductive Apparatus.

Differences between Man and Woman other than in the Reproductive Organs.

Senile Decay.

Somatic and Molecular Death.

Practical Physiology.

Candidates must be prepared—

To answer *vivâ voce* questions.

To examine and describe microscopical specimens of Animal tissues and organs.

To make microscopical preparations of Animal tissues and organs.

To prove their practical acquaintance with the Chemistry of albumen and its allies, milk, the digestive juices and their actions, blood, urine, and glycogen.

To show their practical acquaintance with the most important apparatus used in studying the physiology of muscle, nerve, the circulatory and respiratory systems, and the organs of sense.

ii C.—Zoology.

Theoretical Zoology.

The principal facts of Structure and Development in the following Genera and Orders :—

Genera.

Homo	*Ardea*	*Pulex*
Macacus	*Anas*	*Œstrus*
Loris	*Calotes*	*Blatta*
Pteropus	*Lacerta*	*Phylloxera*
Felis	*Naja*	*Coccus*
Canis	*Daboia*	*Scorpio*
Sciurus	*Ptyas*	*Mygale*
Lepus	*Hydrophis*	*Scolopendra*
Mus	*Cybium*	*Thelphusa*
Sus	*Wallagoo*	*Pagurus*
Ovis	*Trygon*	*Lumbricus*
Milvus	*Turbinella*	*Hirudo*
Athene	*Helix*	*Oxyuris*
Eudynamys	*Xylotrechus*	*Tænia*
Corvus	*Scarabæus*	*Echinus*
Acridotheres	*Mylabris*	*Oreaster*
Columba	*Apis*	*Gorgonia*
Gallus	*Bombyx*	*Madrepora*
Turnix		

ORDERS.

Primates	*Ichthyosauria*	*Polyzoa*
Cheiroptera	*Urodela*	*Tunicata*
Cetacea	*Cestoidea*	*Coleoptera*
Perissodactyla	*Nematoidea*	*Hemiptera*
Proboscidea	*Rotifera*	*Hymenoptera*
Sirenia	*Turbellaria*	*Lepidoptera*
Edentata	*Crinoidea*	*Diptera*
Marsupialia	*Cœlenterata*	*Myriapoda*
Monotremata	*Dipnoi*	*Cirripedia*
Struthionidæ	*Elasmobranchii*	*Annelida*
Saururæ (Archæopteryx)	*Teleostei*	*Trematoda*
Lacertilia	*Marsipobranchii*	*Porifera*
Ophidia	*Pharyngobranchii*	*Infusoria*
Chelonia	*Cephalopoda*	*Radiolaria*
Crocodilia	*Pteropoda*	*Gregarinida*
Pterosauria	*Brachiopoda*	*Foraminifera*

The affinities of these groups and their place in Classification Meaning of the terms Species, Variety, and Race. Causes of Variation. Origin of Species.

Practical Zoology.

Candidates must be prepared—

To answer *vivâ voce* questions.

To examine, dissect, and describe such Animals or such parts of Animals as may be placed before them, selected from the previous list of Genera.

To examine prepared specimens illustrative of any of the orders above enumerated, and to write descriptions of them.

To refer to its genus any specimen of an animal belonging to one of the above specified genera, which may be placed before them.

ii D.—GEOLOGY (INCLUDING MINERALOGY AND PALÆONTOLOGY).

Theoretical Geology.

The general distribution of Land and Water on the Surface of the Globe.

The composition of Sea-water.

The boundaries, communications, depth, and general form of the floor of the Arctic, Pacific and Atlantic Basins.

The chief Ocean Currents.

Marine Denudation. The formation of Cliffs and Beaches; of Shingle, Sand, and Mud; Transport and Deposit of the products of Denudation by the Sea.

The formation of Mineral Deposits by marine organisms. Inland Seas; peculiarities of the Mediterranean, the Baltic, the Black Sea, the Caspian, and the Dead Sea.

Ice-floes and Shore-ice.

The commoner materials of which the Crust of the Earth is made up Clay; Quartz; Sandstone; Limestone; Slate; Gneiss; Granite; Trap.

Stratified and Unstratified Rocks; Faults; Dykes; Metamorphism; Cleavage.

Average height of Continents; direction and general character of the Principal Mountain Chains. Water-sheds. River and Lake Basins. Special characteristics of particular River-basins. Area and general character of the North American Lake-system.

The Great Plains; Steppes; Tundras; Pampas; Sahara; Peat-bogs.

Rainfall; Denudation and Transport of Materials effected by Rain and Rivers; River-valleys; Canons; Deltas; Bars; Lacustrine Deposits. The share taken by fresh-water organisms in the formation of Lacustrine Deposits.

Snow and Ice; Glaciers and Icebergs as agents of Denudation and Transport.

The Atmosphere and its Currents. Trade-winds and Monsoons. The Air as an agent of transport of organic and inorganic matters.

The structure and mode of formation of Volcanoes. Volcanic products. Earthquakes. Elevation of Land. Raised Beaches.

The conditions of Climate; causes of differences between the climate of localities equidistant from the Equator.

Distribution of Terrestrial Plants and Animals. Botanical and Zoological Provinces. Distinctive characters of Floræ and Faunæ of different regions.

General Distribution of Marine Plants and Animals. Fauna and Flora of the Deep Sea.

The Nature of the processes by which the remains of Animals and Plants are preserved and fossilized.

The general features of the Quaternary Epoch; River-gravels; Drift; Boulder-clay; Characteristic Fossils.

The general features of the Tertiary Epoch; the relations of the Miocene Fauna and Flora with those of earlier and later epochs.

The Nummulitic formation; its extent, and the probable physical conditions under which it was produced.

The Cretaceous Epoch. Extent of the Chalk formation; the physical conditions under which it was produced.

The relations of the Cretaceous Fauna and Flora with those of earlier and later epochs.

The Wealden and Purbeck formations; the conditions under which they were deposited, and their most characteristic organic remains.

General nature of the Oolitic and Liassic formations. Age of Reptiles. Distinctive features of Mammalian remains of Stonesfield slates. Invertebrata characteristic of Mesozoic Epoch.

Rhætic and Triassic formations; conditions of deposition. Distinctive organic remains. Salt-beds.

Permian formation. Its extent and relations. Palæozoic character of its Invertebrate Fauna. Characteristic Vertebrata.

Carboniferous formation; conditions of deposition; formation of Coal; characteristic Fauna and Flora.

Devonian formation and the Old Red Sandstone; conditions of deposition; characteristic Fishes.

General characters of the Silurian, Cambrian, and Laurentian formations.

The earliest known forms of Life, and the Invertebrata characteristic of the Palæozoic Epoch.

Mineral veins. The ordinary modes of occurrence of Lead, Tin, Iron, Copper, Silver, and Gold.

Candidates will be expected to have a knowledge of such portions of Mineralogy as bear more immediately on Geological questions and to possess a general knowledge of the Geology of India. They must also be acquainted with the characters of the classes of extinct animals and the orders of extinct plants.

Practical Geology.

Candidates must be prepared—

To identify and describe specimens of the principal Rocks, and of the Fossils characteristic of the formations above enumerated and also the more important minerals.

To draw Geological Maps and Sections, and to explain the meaning and application of Models.

BRANCH IV.

Mental and Moral Science.

i.—PHYSIOLOGY.

The Nervous System.—Nerve tissues.

Nerve stimulation and exhaustion.

General plan* of the Nervous System in Mollusca, Arthrozoa and Vertebrata. Proportionate development of the Spinal Cord and of the several Encephalic Centres in the ascending series of Vertebrata.

Nervous system of Man.—Sympathetic system.

Cerebro-spinal system. Structure and functions of the Spinal Cord and of the several Encephalic Centres. Spinal and Cranial nerves.

Embryological development of the human Encephalon, in so far as it throws light on the structural relations and functions of the full grown brain.

Localization of functions in distinct portions of the brain. Phrenology.

Spontaneous action. Reflex action. Unconscious cerebration.

The Muscular System.—Structure and function of muscles.

Muscle stimulation and exhaustion.

Various kinds of muscles.

The motive and loco-motive apparatus. Muscular groups. The human hand.

The vocal organs. Speech.

Relation between the degree of development of the muscular system and that of the nervous system.

* The answers in this Branch will be judged according to their accuracy of thought and expression, and not according to their agreement or otherwise with any particular school.

The Organs of Sense.—The organs of the five senses and of organic sensibility.

Theory that they have all been developed out of one primitive form of sense organ.

ii.—Psychology and General Philosophy.

Definition, object-matter, and method.

Provisional classification of mental phenomena.

Connexion between Body and Mind. Brain and Mind.

Feeling.—General characteristics.

The quantitative estimation of feelings. Fechner's Law.

Muscular Feelings.

Sensations.—Classification of sensations and of the senses.

Detailed account of the sensations of each class.

Theory that all kinds of sensations are resolvable into one primitive form of sensibility.

Appetites.

Instincts.

Emotions.—Nature, origin, development, interpretation and estimate.

Theories of emotional expression.

Classification of the emotions.

Detailed description of the several classes of emotions.

Theories of Pleasure and Pain.

Intellect.—The more important classifications of the intellectual powers.

(*a*) Intellect considered as comprising the faculties of Perception, Attention, Memory, Abstraction, Imagination, Conception, Judgment, Reasoning.

(*b*) Intellect considered as comprising the Sense of Agreement, the Sense of Difference and Retentiveness.

The Laws of Association. Detailed exposition of their working.

Will.—Nature, origin and growth.

(*a*) The transcendental theory of Will.

(*b*) The experiential theory of Will.

Motives or Ends. The relations of motives to one another. The law of their operation on the Will.

Desire. Its relation to Will.

Free Will. Fatalism. Determinism.

Belief. Its origin, psychological character, object, conditions and tests.

Relations of Reason and Faith.

CONSCIOUSNESS.—Relation to the mental faculties. Philosophical value of its testimony.

Theory that the Mind is always active.

Theory of unconscious mental modifications.

Phenomena of Sleep, Dreams, Illusions, Hallucinations, and Hypnotism.

Final classification of mental phenomena

ORIGIN OF KNOWLEDGE.—Intuitionalism and Experientialism.

The Universal Postulate.

The Philosophy of the Conditioned.

Treatment of Innate Ideas by Plato, Aristotle, Locke, Leibnitz, Kant, and Mr. Herbert Spencer.

EXTERNAL PERCEPTION.—Analysis of the visual perception of Distance and of Extension.

The Qualities of Matter.

The Relativity of Knowledge.

COSMOLOGICAL THEORIES.—Natural Realism. Hypothetical Dualism. Idealism. Materialism. Absolute Identity. Nihilism or Phenomenalism.

THE DOCTRINE OF THE ABSOLUTE.—An Absolute Being (*a*) as given in consciousness, (*b*) as existing beyond the sphere of consciousness.

Criticism of the views of Kant, Fichte, Hegel, Hamilton, J. S. Mill, and Mr. Herbert Spencer.

HISTORY OF PHILOSOPHY.—Selected portion.

iii.—LOGIC.

The province and utility of Logic.

Principal divisions, with a brief sketch of their history.

Phenomena with which Logic deals.

Relation between Thought and Language. Use and abuse of Language.

(*a*) *Deduction.*

Names and Concepts.—Import of Names. Ambiguity of Terms.

Classification of Names and detailed examination of each class.

Concepts; their character and formation.

Grades of Generality.

Perfection and imperfection of Concepts.

The Predicables.

Verbal and real predication.

Propositions.—Quantity. Quality. Modality. Conditional and Disjunctive Propositions.

Modern additions to propositional forms. Those arising from the Quantification of the Predicate. Those arising from the full recognition of Contraries.

Modes of Notation.

Opposition.

Immediate inference:—Greater to less in Denotation and in Connotation. Obversion. Conversion. Added Determinants and Complex Conception. Synonymous propositions.

The import of propositions.

Examination of the principles known as the Fundamental Laws of Thought.

Syllogisms.—Axiom of the Syllogism. Different ways of stating it. Its ground. The syllogistic rules and their relation to the axiom. Mood. Figure. Special rules of each figure. Reduction. Modes of Notation.

Conditional and Disjunctive Syllogisms. Hypothetical inference as mediate or immediate. Dilemma. Enthymeme. Epicheirema. Prosyllogism. Episyllogism. Sorites.

Modern additions to the syllogistic forms:—Those arising from the Quantification of the Predicate. Syllogisms in extension and in comprehension. Syllogistic forms derived from full recognition of contraries. The numerically-definite syllogism.

The functions and value of the syllogism.

Deductive sciences and demonstrative evidence.

(*b*) *Induction.*

Character of Inductive reasoning and its relation to Deduction.

Ground of Induction.

Laws of Nature.

Uniformities of Equality and of Co-existence.

Uniformities of Causation. Law of Causation. Causation as Conservation of Energy. Composition of Causes.

Elimination by Observation and Experiment.

The Experimental Methods as expounded by J. S. Mill or Dr. Bain.

Frustration of the Experimental Methods by Plurality of Causes and Intermixture of Effects.

Elimination by Chance. Theory of Probability.

The Deductive Method.

Ultimate, Derivative and Empirical Laws.

Explanation of Laws of Nature; its forms and limits. Fallacious explanations.

Hypotheses: their function in Science, the conditions of their legitimacy and their test.

Approximate Generalizations and Probable Inference.

Analogy.

Credibility and Incredibility.

Evidence of the Law of Universal Causation.

(c) *Definition.*

Definition. Canons and Methods.

Undefinable notions.

Function of general names.

Requisites of a philosophical language.

Classification. Its fundamental rule, and the difficulties in applying it in Natural History.

Natural and artificial classifications. Index classification. Serial classification.

Fixed grades of generality in the Natural History Sciences. Species. How defined.

Sequence and statement of descriptive characters.

Logical Division. Its application in Natural History.

Fallacies. Their position in the science of Logic.

Their classification. Examination of them in detail.

Realism, Conceptualism and Nominalism, treated historically and critically.

The Categories of Aristotle.

The Art of Observation and Discovery.

The Classification of the Sciences.

iv.—Ethics.

Theory of Ethics.

Relations of Ethics to Biology, Psychology, and the Science of Society.

Logical method.

Phenomena with which Ethics deals. Motive. Intention. Act. Morality and Law.

Foundation and Standard of Moral Distinctions.

Classification of Ethical theories.

(*a*) Intuitionalism. Different forms of it. Exposition and Criticism.

(*b*) Experientialism. Exposition and Criticism of the foundations common to all hedonistic theories.

(1) Egoistic Hedonism, or the Selfish Theory. Exposition and Criticism.

(2) Universalistic Hedonism, or Utilitarianism. Exposition and Criticism.

Reconciliation of Egoistic and of Universalistic Hedonism.

Reconciliation of Intuitionalism and Experientialism.

Psychology of Ethics:—

The Moral Faculty.—Origin and elementary constitution. Psychological character. Functions. Ground of its Authority. Duty, or Obligation. Virtue.

(*a*) The Intuitional theory of the mature Conscience. How far Conscience is a growth. Analysis of the Moral Faculty.

The Ground of Moral Obligation.

(*b*) The Experiential theory of the mature Conscience.

Analysis of the Moral Faculty. Duty or obligation as an alleged residual phenomenon which defies analysis.

Verification of the above analysis by tracing the growth of the Moral Faculty in the individual, in the national life, and in the race.

Disinterestedness.—A real or only an apparent fact in human nature.

The Will.—The bearing of Free Will, Fatalism and Determinism on Morality.

Responsibility.

The Sanctions of Morality. Their meaning and classification.

Punishment. Grounds alleged for its infliction.

APPLIED ETHICS—

(*a*) The Intuitional Doctrine.

(*b*) The Utilitarian Doctrine.

Means for the attainment of happiness

Estimation of the relative values of different pleasures and pains.

Distribution of happiness among different individuals.

The Hedonistic Calculus.

The Classification of Duties. The Cardinal Virtues of the Ancients.

Exposition of the fundamental duties as conceived (*a*) by Intuitionists, and (*b*) by Utilitarians.

Conflict of Duties. Casuistry.

METAPHYSIC OF ETHICS:—

The relations of Morality to Theology and Religion.

God and Immortality as postulates of Morality.

History of Ethics.

A general knowledge of a selected portion of the history of moral theory or practice, with a special study of one or more writers.

BRANCH V.

History.

Comparative Philology and Ethnology in their historical bearings:

Comparative Philology—

Physiological and Psychological basis. Organs of speech.

Sounds. Phonetic changes (Grimm's Law—Laws of assimilation and elimination—Accentuation).

Writing—Alphabets.

Word-formation. Roots. Parts of Speech. Gender. Number. Expressions indicative of time, place, mood.

Syntactical structure.

up for examination. The third paper shall consist of questions on the English language generally in relation to its history, grammar, idiom, and structure, together with questions on the history of English Literature. The fourth paper shall be devoted to testing the candidate's ability in original prose composition.

In the second language, if a classical language, there shall be two papers, of which one shall contain questions on the text-books and on the grammar, structure, and idiom of the language, while the other (unless it be Sanskrit) shall consist wholly of passages for translation from English into the second language and from the second language into English. But if the second language be Sanskrit the second paper shall also contain questions on a prescribed portion of the history of Sanskrit Literature,* but these questions shall not bear more than one-fifth of the total marks allotted to that paper.

If the second language be a Vernacular, there shall be three papers, of which the first shall contain questions on the text-books and on the grammar, structure, and idiom of the language, the second, passages for translation from English into the Vernacular and from the Vernacular into English, and the third shall be devoted to testing the candidate's ability in original prose composition.

The passage for translation from English into the Vernacular shall be the same for all languages. The passages for translation from the second language into English shall consist partly of extracts from the text-books and partly of extracts of somewhat less difficulty from other authors.

166. The questions in each subject shall not be more in respect of number or of difficulty than can be answered within the allowed time by a candidate of decided ability well prepared in the subject.

* The History of Indian Literature, by Prof. A. Weber, pages 175 to 232.

167. The examination for the Degree of B. A. shall be conducted in the order of time and subjects set forth in the following tables, and the number of marks assignable to each subject shall be as therein specified :—

168. Candidates shall be ranked for each branch in a separate list in the order of proficiency, as determined by the total marks obtained by each, *except in the 3rd class, in which the order shall be alphabetical*, and shall be arranged in three classes in the Language Branch and in each Optional Branch :—

The 1st consisting of those who have obtained not less than *seven-twelfths* of the aggregate number of marks.

The 2nd of those who have obtained not less than *five-twelfths* of the aggregate number of marks.

The 3rd of those who have obtained not less than *one-third* of the aggregate number of marks.

In the Language Branch, Candidates failing to obtain *one-third* of the number of marks assigned to English, or *one-third* of the marks assigned to the Optional Language, shall not pass.

In the Optional Branches, Candidates failing to obtain *one-third* of the marks assigned to the Branch selected, or one-fourth in each sub-division of that Branch, shall not pass.

The sub-divisions of the several Branches shall be as follows:—

Branch I.—(1) Pure Mathematics, (2) Mixed Mathematics.

Branch II.—(1) Physics, (2) Chemistry.

Branch III.—(1) General Biology, (2) Botany, or Animal Physiology, or Zoology, or Geology.

Branch IV.—(1) Physiology and Psychology, (2) Logic, (3) Ethics.

Branch V.—(1) Ethnology, Comparative Philology and Institutions, (2) History Proper, (3) Political Economy.

IV.—EXAMINATION FOR THE DEGREE OF

MASTER OF ARTS.

169. An examination for the Degree of M. A. shall be held in Madras once a year, commencing on the third Monday in January.

170. Candidates for the Degree of M. A. must have taken the Degree of B. A. in this or some other University in the British Empire.

171. Applications for admission to this examination, in the form hereinafter prescribed, must reach the Registrar not later than the 30th June preceding. Each candidate must forward with his application his B. A. Diploma, or afford other satisfactory evidence of having obtained that Degree.

172. No candidate shall be registered unless he have previously paid a fee of Fifty Rupees which shall cover the examination in any one of the Branches of knowledge hereinafter specified. Candidates failing to pass one examination may be admitted to subsequent examinations in the same or any other Branch on payment of a like fee of Fifty Rupees on each occasion.

173. The examination for the Degree of M. A. shall be conducted by means of printed papers.

174. No candidate shall be eligible for the Degree of M. A., until he has passed in at least one of the following Branches of knowledge; but while he may pass in two or more Branches before he proceeds to the Degree of M. A., he shall, in no case, be permitted to appear in two Branches in the same year.

BRANCH I.

Mathematics and Natural Philosophy.

(*a*) PURE MATHEMATICS.

i. Algebra, including the Theory of Equations.

ii. Plane and Spherical Trigonometry.

iii. Newton's Principia, Sections 1, 2 and 3.

iv. Co-ordinate Geometry of two and three dimensions.

v. Differential and Integral Calculus with Differential Equations.

(*b*) NATURAL PHILOSOPHY.

vi. Dynamics, including Kinematics, Kinetics, and Statics.

vii. Hydrostatics and Hydrodynamics.

viii. Geometrical Optics, with the Wave-Theory of Light.

ix. Plane Astronomy.

The book-work questions on Statics, Hydrostatics and Dynamics, shall bear chiefly upon such parts of those subjects as require for their complete investigation the use of the Differential and Integral Calculus.

BRANCH II.

Physical Science.

One of the following at the option of the Candidate:—

A.—PHYSICS.

B.—CHEMISTRY.

A.—PHYSICS.

i. Physics, Theoretical and Practical.

ii. Mixed Mathematics.

iii. Inorganic Chemistry, Theoretical and Practical (Qualitative Analysis).

iv. Scientific Method, with special reference to the Physical Sciences.

B.—CHEMISTRY.

i. Chemistry, Theoretical and Practical.

Theoretical:—Inorganic and Organic.

Practical:—

Qualitative Analysis, including use of Microscope and Spectroscope.

Quantitative Analysis, Inorganic and Organic, including Gas analysis.

The Practical examination shall include *viâ voce* interrogation

ii. Physics.

iii Mineralogy, including the identification of the principal mineral species.

iv. Scientific Method, with special reference to the Physical Sciences.

BRANCH III.

Natural Science.

One of the following at the option of the Candidate:—

A.—BOTANY AND PHYSIOLOGY.

B.—ZOOLOGY, GEOLOGY AND PHYSICAL GEOGRAPHY.

A.—BOTANY AND PHYSIOLOGY.

i. Botany, Theoretical and Practical. The following Natural Orders are to be added to those of the B. A. Syllabus:—Menispermaceæ, Polygalaceæ, Guttiferæ, Dipterocarpeæ, Meliaceæ, Sapindaceæ, Terebinthaceæ, Rosaceæ, Combretaceæ, Umbelliferæ, Plumbagineæ, Apocyneæ, Loganiaceæ, Convolvulaceæ, Solanaceæ, Acanthaceæ, Labiatæ, Laurineæ, Urticaceæ, (including the Moraceæ), Coniferæ, Zingiberaceæ, Orchideæ and Amaryllidaceæ.

ii Physiology, Theoretical and Practical.

iii. Scientific Method, with special reference to the Natural Sciences.

B.—ZOOLOGY, GEOLOGY AND PHYSICAL GEOGRAPHY.

i. Zoology, Theoretical and Practical.

ii. Geology and Physical Geography, Theoretical and Practical.

iii. Scientific Method, with special reference to the Natural Sciences.

Each Candidate in Branch III must forward with his application a Dissertation giving evidence of original

research and independent thought, on a subject selected by himself, connected with the Natural Sciences. The Dissertation should not exceed in length a Review article of twenty pages octavo. For the purpose of verification, precise references must be given to any authorities that may be quoted or relied on.

BRANCH IV.

Mental and Moral Science.

i. General Theory.—A full and minute acquaintance with the whole course prescribed for the B. A. Degree (the selected historical subjects being omitted), together with additional problems in each of the philosophical sciences, to be prescribed from time to time.

ii. History of Philosophy.—Selected portions.

iii. Selected Authors or Works.

Each Candidate must forward with his application a Dissertation on some philosophical subject selected by himself, and giving evidence of original research and independent thought. The Dissertation should not exceed in length a Review article of twenty pages octavo. For the purpose of verification, precise references must be given to any authorities that may be quoted or relied on.

BRANCH V.

History.

i. Ancient History.—A selected Period or Subject.

ii. Mediæval History.—A selected Period or Subject.

iii. Modern History.—A selected Period or Subject.

iv. History of India.—A selected Period or Subject.

v. A special historical Subject or Institution to be studied in detail.

vi. Some science auxiliary to history.

vii. The Principles of International Law.

viii. Political Economy.

ix. An Essay on a subject connected with Political Economy, to be appointed by the Examiner.

Each Candidate must forward with his application a Dissertation on some historical subject selected by himself, and giving evidence of original research and independent thought. The Dissertation should not exceed in length a Review article of twenty pages octavo. For the purpose of verification, precise references must be given to any authorities that may be quoted or relied on.

BRANCH VI.

Language.

i. One of the following languages or groups of languages at the option of the Candidate :—

IX.—Examination for the Degree of DOCTOR OF MEDICINE.

243. Any person who has obtained the Degree of M. B. and C. M. in this or any other recognized University in the British Empire, and has been engaged for three years in the practice of his profession subsequently to having taken that Degree, or who, being also a graduate

in Arts of this or any other recognized University in the British Empire, has been engaged for two years in the practice of his profession subsequently to having taken the Degree of M. B. and C. M., may proceed to the Degree of M. D.; provided that he shall have submitted to the Medical Faculty a thesis or dissertation treating of any branch of Medicine, Surgery, Midwifery, or Sanitary Science which he may have made the special subject of study since passing the said M. B. and C. M. Examination and certified on honor to have been composed entirely by himself; that such thesis or dissertation shall be approved of by the Faculty; and that he shall be prepared, if called upon, to defend or explain the said thesis before the Faculty. The thesis must be lodged with the Registrar not later than the 15th January immediately preceding the Convocation at which the candidate desires to obtain the Degree.

244. No thesis will be approved of by the Medical Faculty which does not contain either the results of original observation in the subjects named or in some of the Sciences embraced in the curriculum for the M. B. and C. M. Degree; or else a full digest and critical exposition of the researches of others on the subject selected by the candidate, accompanied by precise references to the works quoted, so that verification may be facilitated.

245. Each candidate must produce a testimonial, signed by at least two Doctors of Medicine or two Fellows of the University, and certifying that he is in habits and character a fit and proper person to receive the Degree of Doctor of Medicine.

246. Applications for admission to the Degree of M. D., together with the testimonial above referred to, shall be transmitted to the Registrar not later than the 15th January immediately preceding the Convocation at which the candidate desires to obtain the Degree.

247. No candidate shall be registered unless he shall have previously paid a fee of One Hundred Rupees. A candidate who fails to satisfy the Faculty or to present himself to take up his Degree at the time fixed shall not be entitled to claim a refund of the fee; but if he has been approved by the Faculty he may present himself on a future occasion to receive his Degree on payment of a further fee of Ten Rupees.

x.—Examination for the Degree of BACHELOR OF CIVIL ENGINEERING.

248. An examination for the Degree of Bachelor of Civil Engineering shall be held in Madras once a year, commencing on the third Monday in January.

249. Candidates for the Degree of B. C. E. must have completed two years from the time of passing the First Examination in Arts, either in this or one of the other Indian Universities.

250. Applications for admission to this examination in the form hereinafter prescribed, must reach the Registrar not later than the 1st November preceding. Each candidate must forward with his application a certificate of his having passed the First Examination in Arts and, unless specially exempted from so doing, a certificate from the Head of some College or School authorized in that behalf by the Governor of Fort St. George in Council to the effect that he has studied the subjects prescribed for this examination and has attended an authorized institution or institutions for a period of at least eighteen months since passing the First Examination in Arts. Applications for exemption from the production of the latter certificate, should be forwarded not earlier than the 1st July immediately preceding.

251. No candidate shall be registered unless he have previously paid a fee of Thirty Rupees. Candidates fail-

ing to pass one examination may be admitted to subsequent examinations on payment of a like fee of Thirty Rupees on each occasion.

252. The examination shall be conducted partly by means of printed papers and partly *vivâ voce*, and in respect to Surveying and Levelling it shall be practical as well as theoretical.

253. Candidates for the Degree of B. C. E. shall be examined in the following branches of knowledge; it being imperative upon candidates to pass an examination in the first three branches, but optional with them to select either IV, V and VI, *or* VII and VIII:—

I. Mathematics.
II. Natural Philosophy.
III. Mensuration and Estimate-making.
IV. Surveying and Levelling.
V. Constructive Engineering.
VI. Architectural and Topographical Drawing.
VII. Mechanical Engineering.
VIII. Machine Drawing.

i.—Mathematics.

1.—*Algebra.*

Addition, Subtraction, Multiplication, Division, Involution and Evolution of Algebraical quantities.

Greatest Common Measure and Least Common Multiple.

Simple and Quadratic Equations, and questions producing them.

Surds.

Algebraic Proportion and Variation.

Permutations and Combinations

Binomial Theorem.

Arithmetical, Geometrical, and Harmonical Progressions.

Simple and Compound Interest, and Discount.

Calculation and use of Logarithms.

2.—*Geometry.*

Euclid—Books I, II, III, IV, VI and XI, to proposition 21, with definitions of Book V; also easy Deductions.

3.—*Plane Trigonometry.*

The solution of Plane Triangles, especially as applied in practice, and the investigation of the formulæ required in the several processes.

The construction of Tables of Goniometric Functions.

ii.—Natural Philosophy.

(1) *Statics and Dynamics.*—Treated mathematically, but without the aid of the Differential and Integral Calculus.

Composition and resolution of forces in one plane.

The Centre of Gravity.

The mechanical powers and their principal applications.

Virtual Velocities.

Friction, and the Rigidity of Cords.

The three laws of motion, with the different measures of force, and their relation to one another.

Motion of a material particle under the action of a constant force, in free space, down an inclined plane, and in a circular arc, with the theory of the Simple Pendulum.

Unit of *work;* useful work of the simple machines; sources and reservoirs of force.

(2) *Hydrostatics and Pneumatics.*—Treated as in the case of Statics and Dynamics.

Equilibrium and Pressure of Fluids, elastic and non-elastic.

Specific Gravity.

The application of Hydrostatic and Pneumatic principles to the examination of a Steam Engine, Barometer, Thermometer, Common Pump, Forcing Pump, Condenser, Hydraulic Press, Fire Engine, Diving Bell, and Siphon; also the general process of measuring heights by means of the Barometer.

(3) *Hydraulics.*—Discharge of fluid through various orifices under varying circumstances.

Effects of Vena Contracta.

Flow of water in Rivers and Canals, and over Weirs and Calingulas.

Time of filling and emptying Locks.

iii.—Mensuration and Estimate-making.

Mensuration of Planes and Solids.

Preparation of estimates for Roads, Canals, and Masonry-work connected therewith, as well as for ordinary buildings.

iv.—Surveying and Levelling.

Surveying with the Chain, with Prismatic Compass and Chain, with Theodolite and Chain and with Circumferentor and Chain.

Keeping a Field Book and Plotting.

The Theory and Practice of Levelling, including the use and adjustments of the Y Level and Troughton and Simms' Level; also the keeping a Field Book and Drawing Sections. Measurement of heights by means of the Aneroid and the Mountain Barometer.

v.—Constructive Engineering.

Preparation of building materials, and estimation of their strength.

The equilibrium of arches and roofs.

Stability of abutments, piers, and retaining walls.

Construction of, and determination of, proper proportions for Buildings, Brick Bridges, Stone Bridges, Weirs, Calingulas, Sluices, Canals, Locks, and Roads.

General principles of Carpentry, Smith's work, Iron founding and casting.

vi—Architectural and Topographical Drawing.

Plans, Elevations, and Sections of Buildings, Bridges, Locks, Anicuts, Calingulas, and all kinds of Sluices.

Plans of Road Surveys.

Maps of General Surveys.

vii—Mechanical Engineering.

Calculation of dimensions of parts of machinery.

Expedients for transmitting and modifying motion, and for gaining power.

The nature of Steam, with the properties of ordinary kinds of fuel, and the estimation of their caloric power.

The construction and working of all classes of Steam Engines.

The management of workshops, rates of prices, value of work, estimation of labor in Carpentry, Smith's work, Iron founding and casting.

viii—MACHINE DRAWING.

Plans, elevations, sections and projections of machines, such as Crabs, Cranes, Lathes, Dredges, Punching and Shearing Machines, Pile Drivers, and Steam Engines of all classes.

Drawing of all kinds of Tools.

Working drawings of the component parts of Machines.

254. *Scheme of Examination for B. C. E. Degree.*

255. To qualify for the Degree of B. C. E., candidates must obtain one-third of the total marks assigned to each Branch; and one-half of the aggregate number. Further

in Branch II, the marks allotted to Hydraulics shall be 100, of which number one-third must be secured to entitle a candidate to pass.

256. The passed candidates shall be arranged in three classes :—

The 1st, consisting of those who have obtained not less than nine-twelfths of the aggregate number of marks.

The 2nd, of those who have obtained not less than seven-twelfths of the aggregate number of marks.

The 3rd, of those who have obtained not less than the minimum qualifying for a Degree..

The names of the candidates placed in the first class shall be ranked in order of merit as determined by the total marks obtained by each: but the Examiners shall be at liberty to bracket men when the difference between them amounts only to a very small number of marks.

Form of Tabular Statement to be submitted by the Examiners.

XI.—EXAMINATION FOR THE DEGREE OF LICENTIATE IN TEACHING.

257. An examination for the Degree of Licentiate in Teaching shall be held in Madras once a year, commencing on the first Monday in March.

258. Candidates for the Degree of Licentiate in Teaching must have graduated in this or some other University.

259. Applications for admission to this examination, in the form hereinafter prescribed, must reach the Registrar not later than the 5th January preceding. Each candidate must forward with his application his graduate's diploma, and unless specially exempted from so doing, a certificate of having attended a six months' session at a Normal Institution authorized in that behalf by the Governor of Fort St. George in Council, and of having thereafter practised his profession for a period of at least six months. By special order of the Senate, exemption from the production o such certificate may be granted in the case of persons who have, for a period of ordinarily not less than two-and-a-half years, been continuously on the regular teaching staff of a High School or College.

260. No candidate shall be registered unless he have previously paid a fee of Fifty Rupees. Candidates failing to pass one examination may be admitted to subsequent examinations on payment of a like fee of Fifty Rupees on each occasion.

261. The examination shall be both theoretical and practical. The theoretical portion of the examination shall be by means of printed papers.

262. Candidates for the Degree of Licentiate in Teaching shall be examined in the following branches of knowledge :—

I.—Principles of Education.

(*a*) The relation of Education to the Science of Mind.

(*b*) The various modes of Mental Activity and their connection with Bodily Structures and Functions.

(*c*) The relation of the teacher to each mode of Mental Activity.

(*d*) Characteristics of different ages:—

1. *Infancy and Childhood.*—Activity, Impressibility, Imitativeness, Memory, Imagination, Emotional Susceptibilities, Sympathy. Early manifestations of Will and growth of voluntary power. The infant Conscience, its character, and the laws of its development.

2. The School Age strictly so-called. The modifications which the mental characteristics of childhood undergo in passing into and throughout the school period. Perception, Observation, Attention, Memory, Abstraction, Generalization, Imagination, Conception, Judgment, Reasoning, as related to school-life. The predominant emotions of the school-age and the uses that may be made of them in intellectual and moral culture. The æsthetic emotions. The formation of habits of Thought, Feeling and Action. Pleasure and Pain as motive powers at the Teacher's disposal.

3. The period succeeding the school-age when the study of Science becomes possible. The great development of the powers of Concentration, Abstraction, Generalization and Reflection, which characterizes this period. The scientific Imagination. The deepening and expansion of the emotional nature. The circumstances that tend to give to the character its definitive form.

(*e*) The natural order of the acquisition of knowledge during these periods respectively, as determined by the order of development and the laws of the growth and operation of the intellectual faculties.

II.—History of Education.

I. History of Education (general), Education in Europe from the Rise of the Universities to the present time—

(1) Monastic schools, their management and course of instruction. The origin and development of the Universities.

(2) The Revival of Letters, and its educational effects, *e.g.*, the Latin schools.

(3) The Reformation, and the partial provision for popular education in Protestant countries.

(4) The educational work of the Jesuits, and the educational work of the Jansenists.

(5) Changes effected under the influence of Rousseau, Pestalozzi, Froebel, and the chief British writers on education.

(6) The present state of educational practice as exhibited in Germany, Great Britain, and India.

II. Special periods or writers to be prescribed from time to time.

III.—Methods of Teaching and School-management.

(1) The site, structure, fitting and furniture of school buildings.

(2) Sanitary conditions of effective teaching.

(3) Physical exercises.

(4) Books and appliances.

(5) Registers and returns.

(6) Organizations of schools.

(7) Classification of scholars.

(8) Means for securing discipline, order, regularity and punctuality.

(9) Distribution of school-work among the teachers.

(10) The apportionment of time.

(11) Order and correlation of studies.

(12) The art of questioning as a means of instruction.

(13) The use of lectures of catechetical *vivâ voce* teaching from a text-book, and of catechetical *vivâ voce* teaching without a text-book.

(14) Methods of teaching and of illustrating each of the subjects in an ordinary school course, with special reference to the English and Vernacular languages (including all the various branches of instruction falling under those two heads), Mathematics, Geography, History and Physical Science.

(15) Preparation of teaching notes.

(16) Examination, *vivâ voce* and in writing.

(17) The management of a class.

(18) The use of the black-board and other material appliances.

263. Candidates who have passed the theoretical part of the examination shall be examined as to their practical skill in the management of a class and in teaching. This shall be tested by their teaching a class in the presence of at least two of the Examiners. Candidates shall not be approved by the Examiners unless they have given satisfactory evidence of their ability to manage a class and to give *vivâ voce* instruction up to a standard not higher than that of the Matriculation Examination in :—

(1) Language (English and an optional Language).

(2) Mathematics.

(3) One of the following at the option of the candidate :—

(*a*) Elementary Physics.

(*b*) Chemistry.

(*c*) History and Geography.

264. The written examination shall be conducted in the order of time and subjects set forth in the following table, and the number of marks assignable to each subject shall be as therein specified :—

Days.	Hours.	Subjects.	Marks.
Monday.....	10—1	Principles of Education	60
	2—5	Do. do.	60
Tuesday...	10—1	History of Education	60
	2—5	Do. do.	60
Wednesday	11—1	Method and School-management.	60
	2—4	Do. do. .	60
		Total ...	360

265. Candidates who obtain not less than one-third of the aggregate number of marks in the written examination shall, after the Examiners have taken into account the manner in which they have acquitted themselves in the practical examination, be arranged alphabetically in a first and a second class.

Candidates failing to obtain one-third of the aggregate number of marks in the written examination shall not pass.

RULES OF AFFILIATION.

268. Institutions or departments of institutions may be affiliated to the University of Madras in Arts, Law, Medicine, and Civil Engineering.

269. The power of affiliating rests, subject to the sanction of the Governor of Fort St. George in Council, with the Syndicate, to whom all applications for affiliation must be addressed through the Registrar.

270. In the case of a Government institution, application must be made by the Director of Public Instruction or other chief Educational Officer of the province in which it is situated; in the case of any other institution, by the Principal or other responsible authority.

271. Every application must be countersigned by two members of the Senate.

272. The application must contain—

(*a*) A statement showing the present staff of teachers, the course of study in the Faculty

in which affiliation is desired, and the days on which the Terms of the institution begin and end.

(*b*) A declaration that the institution has the means of educating up to the standard under which it desires to be affiliated.

(*c*) Satisfactory assurance of there being a fair prospect that the institution will be maintained on the proposed footing for five years.

273. The Syndicate will, once in three years, revise the list of affiliated institutions; and, in the event of an institution changing its course of instruction or ceasing to possess the means of educating up to the prescribed standard, the Syndicate may, with the sanction of the Governor of Fort St. George in Council, withdraw the privilege of affiliation from such institution.

CERTIFICATES REQUIRED UNDER SECTION XII OF THE ACT OF INCORPORATION.

274. The grant of the Term Certificate shall be entirely at the discretion of the authorities of the various affiliated Colleges, subject to the following conditions:—

(*a*) The certificate shall not be granted in ordinary cases unless a student has attended three-fourths of the number of working days in a Term, and shall not be granted in any case unless a student has attended two-thirds of the number of working days in a Term.

(*b*) The certificate shall not be granted unless a student has completed the course of instruction to the satisfaction of the authorities of his College.

275. If a student who has been refused a certificate should appeal to the University against such refusal, the Syndicate shall be prepared, if they see cause, to admit him to examination as a private student.

276. The certificate shall be drawn up in the form given below:—

The College is a Government Institution and is open to all classes of the community. A term fee of Rs. 25 is now levied in the College Department the year being divided into two terms; and a similar fee of Rs. 18 is paid in instalments in the High School Department, but from the beginning of next term the former fee will be Rs. 30 and the latter will be Rs. 22 in advance or Rs. 25 in instalments to be paid within the first four months of the term.

The following Scholarships are tenable in the Institution :—

The Prince of Wales' Mandasa Sanskrit Scholarship.—An *endowed* Scholarship awarded to the boy who being a native of Mandasa obtains the highest place in the Middle School Examination in Sanskrit, or failing any such candidate to the boy who secures the highest marks in Sanskrit in the same examination in the Ganjam District. The monthly value of the Scholarship is Rs. 6-10-8, being the interest of the endowment (Rs. 2,000) made by the Rajah of Mandasa. The Scholarship is tenable for two years in the High School Department of the College.

Government Scholarships.—Two of Rs. 6 each attached to each of the Uriya Middle Schools in the district and awarded to the best

pupils of these schools. These Scholarships are tenable for two years in the High School Department of the College.

There are besides the Government Uriya Scholarships awarded on the results of the Matriculation and F. A. Examinations; these consist of two of Rs. 10 each conferred on the Uriya candidates who pass highest in the Matriculation Examination and undertake to prosecute their studies up to the F. A. Standard; and one of Rs. 15 awarded to the Uriya who passes highest in the F. A. Examination and undertakes to study for the B. A. Examination. Two other Scholarships of Rs. 20 each tenable for two years in the Rajahmundry College are open to students of this Institution who pass the F. A. Examination, preference being given to Uriyas and Mahomedans. These Scholarships were established by the Zemindar of Parlakemedi.

Calicut College.

(Affiliated, November 1877.)

The Provincial School of Calicut was established by Government in 1854. The present building was opened in 1863, the land on which it stands being given for the purpose by M.R.R. Chóyikutti Múppan Avargal, and a moiety of the cost of building being met by public subscriptions. The name of the Institution was changed to that of "*Government College*" in 1879.

Being a Government Institution it is open to all classes of the community. The languages taught are English, Malayalam and Sanskrit. The Establishment comprises a College Department of two F. A. Classes, and a High School Department.

The fees levied are:—

	RS.	A.	P.	
College	60	0	0	annually.
High School	44	0	0	

The fees for the last three years have averaged Rs. 6,603 a year.

There are four endowed Scholarships in connection with this College; three founded in 1857 in the name of V. Conolly, Esquire, late Collector of this District, and one founded in 1869 in the name of G. R. Sharpe, Esquire, who was for some years Civil and Sessions Judge of Malabar.

The Sharpe Scholarship of Rs. 9 per mensem is awarded to the native of Malabar who passes highest from any school at the University Matriculation Examination.* It is tenable for two years in the F. A. Classes of this College, and consequently is competed for every alternate year.

Of the Conolly Scholarships there are two Senior of Rs. 16 a month each, and one Junior of Rs. 9 a month. The Senior Conolly Scholarships are also awarded to the native of Malabar who stands highest at Matriculation from any school.* These are tenable for four years, two years at this College, and if the holder is successful at the F. A. Examination, for a further period of two years in the B. A. Classes of the Presidency College, Madras. As one of these Scholarships is given every alternate year, there should always be one Senior Conolly Scholar in the F. A. Classes of the Calicut College, and one in the Presidency College. The Junior Conolly Scholarship of Rs. 9 a month, tenable for one year, is awarded to the first boy in a special examination conducted by the Head Master at the beginning of each year of the pupils composing the Matriculation Class.

There is also a Government Scholarship of Rs. 15 per mensem, awarded to the student who passes highest from this District at the F. A. Examination on the condition of his prosecuting his studies for the B. A. Degree in some recognized College. This Government Scholarship, though not attached to the College, is open for competition to its students.

The staff of teachers taking part in the College Department is :—

W. Sconce, Esq., B.A., Head Master.
Mr. D. Joseph, B.A., (Madras), on other duty.

Church Mission College, Tinnevelly.

(Affiliated, January 1878.*)*

This College was founded in 1880. The teaching staff consists of Rev. H. Schaffter (B. A., T. C. D.), 2 Graduates, 4 First Arts, 3 Matriculate and 3 Fourth Grade Masters, and 3 Pandits for Sanskrit, Tamil and Hindustani. Every boy has at least two hours a week of training in gymnastics and drilling. A large College building was completed at a cost of Rs. 6,500 (of which Rs. 2,000 were contributed by Government) and opened August 1884. There is a regular annual prize distribution at which £30 worth of prizes are given away, nearly the whole cost of prizes being borne by subscriptions given by European and Native gentlemen on the spot.

Coimbatore College.

(Affiliated, November 1877.*)*

About the year 1851 "The Tahsildar's School," so called because a Tahsildar of Coimbatore was its founder, was handed over to a Committee of European and Native gentlemen, under the designation of the 'Coimbatore Anglo-Vernacular School.' But the early promise of the school was belied by subsequent inanition, the teachers were underpaid, and the confidence of the Hindu inhabitants of Coimbatore was not won.

The first new impulse in the right direction may be traced to the Collector, Mr. Thomas. Through his interest in the school the Hindu inhabitants were roused to action, and a large sum of money was raised with which it was proposed to build a school-hall to be called the 'Thomas Memorial Hall.' Many years elapsed before this determination was carried into effect. In the meantime the school-house had to be enlarged, and in 1867 when a European Graduate of this University took charge, he found that the Institution contained about two hundred and fifty boys, the highest class

being the Fifth. The fees monthly amounted to about Rs. 200. Under the designation of the 'Coimbatore College,' the Institution has developed into a Collegiate School with an efficient staff of teachers. The College is now as large as it can possibly be under present circumstances, the number on the rolls for last year averaging 624, 87 being in the College Department.

The Institution is dependent entirely upon the Government monthly grant of Rs. 390, and the fees which on an average amounted last year to Rs. 1,100. The school is open to all classes of the community. The majority (about 70 per cent.) are Brahmans, but there are on the rolls Hindus of all the other classes, Muhammadans, Native Christians, Eurasians and Europeans. Muhammadan boys are charged only half the monthly fee.

The teaching staff of the College Department is as follows :—

C. C. Flanagan, Esq., M.A., (Madras), Head Master.
R. Krishna Aiyar, B.A., (Madras).
B. Bhujanga Rau, B.A., (Madras).
S. Anantanarayanan, B A., (Madras), Science Master.
M. K. Subha Rau, Sanskrit Master.
Sabapathy Pillai, Tamil Pandit.
Swami Sastriar, Malayalam Pandit.

Cuddalore College.

(Affiliated, February 1879.)

This Institution was the first Provincial School established in this Presidency, and was opened on the 1st July 1853. In 1855 it was constituted a Żillah School. A College Department was opened in February 1879.

The Masters employed in the College Department are :—

S. Satthianadan, B.A, LL.B., (Cambridge), (on other duty).
J. M. Hensman, B.A., (Acting).
C. S. Swami Aiyangar, B.A.
A. Ç. Pranatharthihara Aiyar, B.A.

When in February 1881, Mr. E. H. Elliot, the Head Master of the Cuddalore College, was appointed to act as Assistant Professor in the Presidency College, certain gentlemen of Cuddalore subscribed Rs. 210 to found a prize in Mr. Elliot's name. The sum is invested

in Government Paper, the interest thereon forming an annual prize to be awarded to the student who obtains the highest place from the College at the First Examination in Arts.

High School, Ernakulam.

(Affiliated, November 1877.)

For many years prior to 1865 the Rajah of Cochin had maintained a small English School at Ernakulam. In that year it was placed under the care of a Cambridge M. A., the present Head Master, and soon rose in numbers and standard until in 1868 students were first sent up for the Matriculation Examination, and since then others have gone up every year. A large and commodious building was erected by the Sirkar, and occupied in 1870, and subsequently enlarged in 1879. The staff of Masters has been steadily improved and augmented, and in 1874 a Preparatory F. A. Class was opened, and an F. A. Class in 1875 from which in 1876 students first passed the F. A. Examination. Boys from all classes of the community, without any distinction as regards caste or creed, are admissible, but the mass of the school consists of Brahmins, Christians, and Nayars, the latter being most numerous. The total strength of the school is about 500 boys.

The Cochin Government bears the whole expenses of the school excepting a small proportion (about a seventh) which is produced by fees.

The monthly fees now levied are:—

In the F. A. Classes Rs. 2; Matriculation Class Re. 1; Upper School Annas 8; Lower School Annas 4; and in the Vernacular Classes Annas 2.

There are now six Scholarships granted by the Sirkar. Four of these are Stipendiary, namely two of Rs. 7 monthly, and two of Rs. 5 each.

The two of Rs. 7 are allotted, one each year, to the highest First Class F. A. from the school; these are tenable for the two years B. A. Course at any College in Madras.

The two at Rs. 5 are given, one each year, to the highest First Class Matriculate from the school, and are tenable during the two years F. A. Course at Ernakulam.

Two other Free Scholarships are given, one each year, to the second Matriculate from the school, and are tenable during the two years F. A. Course at Ernakulam.

The High School though it now embraces College Classes, High, Middle, and Primary Schools, still retains its old name and has classes from the F. A. down to Preparatory, and Vernacular Classes.

The College Class work is divided between the following teachers :—

Alfred Forbes Sealy, M.A., (Cambridge), Head Master and Director of Education in Cochin.

D. M. Cruickshank, M.A., (Aberdeen).

M. Subrahmanya Aiyar, B.A., (Madras).

K. Koshi, B.A., (Madras).

G. Matthan, Malayalam Munshi.

Vencata Subba Sastri, Sanskrit Pandit.

Jaffna Central School.

(Affiliated, November 1881.*)*

This school was established in the year 1834 by the Rev. Peter Percival of the Wesleyan Mission, Jaffna. The object of its establishment was to furnish instruction to the Native boys of the town and neighbourhood in the branches of a liberal English education. The curriculum of studies laid down at that time embraced Mathematics (Algebra, Euclid and Arithmetic); Natural Philosophy; the elements of Geography; History, Ancient and Modern; the elements of Latin.

The school rapidly became popular, and its pupils soon numbered, including its lower branch at Wannarponne, 235. In 1853 an English Principal was appointed to take charge of this school. In 1860 it was affiliated to the Madras University, and in the same year was registered as a Grant-in-aid school in connection with the then School Commission of the Island. In 1870 the Syndicate of the Madras University having ceased to hold examinations in foreign parts, the connection of this Institution with the University ceased till 1877 when the University examinations were again allowed, and in 1881 the school was affiliated to the Madras University as far as the F. A. Examination.

The school has at present upwards of two hundred students in session Its teaching staff consists of the Principal, the Rev. A. E. Restarick, B.A., assisted by one Head Master and six Under

Teachers. Its curriculum embraces the eight Government Standards together with subjects required for a Matriculation and F. A. course. There are six local Scholarships open to this school of the values of Rs. 75, Rs. 60, Rs. 40, Rs. 30, Rs. 25, and Rs. 20, respectively. The fees of the school range from Rs. 7-8 a quarter in the Higher Standards to Annas 12 in the Lower Standards. The average income of the school from fees amounts to Rs. 1,800 per annum.

Kerala Vidyasala, (Tali, Calicut).

(Affiliated, February 1879.*)*

In June 1877 His Highness the Zamorin Maharaja, Bahadur of Calicut, in conjunction with the senior members of his family, determined, on the advice of the Collector, Mr. Logan, to start an English school for the education of the young Rajas. The school was accordingly opened and held in the Tali Palace. In the course of a few weeks about twenty young Rajas were attending school regularly. This school, named the *Zamorin's High School*, was placed under the charge of Mr. Barrow (a Graduate of Oxford) and three Assistants. In the same year and month a private school was opened by Mr Barrow under the name of the *Malabar High School*, which soon had nearly two hundred boys on its rolls, and from which five pupils passed the Matriculation Examination of 1877, one being placed in the first class. After some discussion it was resolved to amalgamate the two schools from the beginning of 1878, and to make the new school thus formed select, by admitting only caste boys. This was done, His Highness the Zamorin setting apart a considerable portion of the Tali Palace for school purposes. The name of the amalgamated schools was, at the suggestion of the Collector, changed to that of the *Kerala Vidyasala.*

On the 3rd of August 1878, the Government of Madras passed the following Order (No. 374) on a letter from Mr. Logan, the Collector, bringing to their notice the establishment of the Kerala Vidyasala :—

"His Grace the Governor in Council is pleased to express the utmost satisfaction with the enlightened and liberal action of Manavikrama, Zamorin of Calicut, in establishing the Kerala Vidyasala.

"The Acting Director of Public Instruction will, in communication with the Collector of Malabar, submit detailed proposals for a school Library and Apparatus to be presented by Government in

recognition of the public spirit of the leading member of Native society in Malabar." On the 13th September, Government passed the following additional Order (No. 423): "The sum of Rs. 1,815 is placed at the disposal of H. H. the Zamorin, for the purchase of a small Library, Physical Science Apparatus, and Physiological Diagrams and Models to be used in the Kerala Vidyasala, Calicut"

In February 1879 the school was affiliated to the University of Madras and raised to the grade of a Collegiate School, educating up to the F. A. Standard. His Highness the Zamorin awards thirty-five free Scholarships to students who distinguish themselves at the various public examinations, and to certain poor scholars unable to defray the expenses of their own education. During the year 1881 the Institution worked with considerable success, the average number on the rolls for the year being rather over four hundred, the fee receipts averaging Rs. 750 per mensem.

The school is situated in Tali, occupying that part of the Tali Palace which extends the whole length of the eastern side of the great Tali tank. There are at present upwards of four hundred and fifty boys on the rolls.

The average fee collections now amount to between Rs. 800 and 900 a month; these, with a grant of Rs. 370 per mensem from the Zamorin and the members of his family, constitute the whole income of the school. The fees charged in the various classes are the same as those in Government Colleges (Class A).

The work of the College and Matriculation Classes is shared among the following Masters:—

E. Winckler, B.A., (Madras), Principal.
T. Panchapakesa Aiyar, B.A., (Madras),
C. Kunji Raman Menon, B.A., (Madras),
S. Anantha Krishna Aiyar, B.A., (Madras),
V. B. Ramaswami Aiyar, B.A., (Madras),
} Assistants.
C. Damodaran Namburipad, Malayalam Teacher.
V. Krishna Sastri, Acting Sanskrit Pandit.

Lutheran Central School, Tranquebar.

(Affiliated, April 1883.)

The present school premises were erected by the early Missionaries of the Danish Mission in the beginning of last century. As

far as can be ascertained the building has been used for educational purposes all the time since the year 1717.

In 1859 the school was placed under Government inspection and had then four classes and several Preparatory Classes. In the following years several classes were added, and in 1867 the first candidates went up for the Matriculation Examination. In April 1883 a Preparatory F. A. Class was opened with nine students and the Institution was affiliated to the University of Madras.

The staff of Masters for the High School and College Department is as follows:—

Rev. E. Schaeffer.
M. Masilamani Pillai, B.A.
A. Pakyam Pillai, F.A.
S. Samuel Pillai, F.A.

Lutheran Mission (American) College, Guntur.

(Affiliated, September 1885.)

The American Evangelical Lutheran Mission started a school as far back as the year 1853, but owing to the falling off of funds during the Civil war in America, the school was closed for a number of years. It was re-opened in February 1874, as a High School, under the Principalship of the Rev. L. L. Uhl, M.A. Its present Principal is the Rev. L. B. Wolff, M.A. The school is at present not under Government aid, and must depend upon the Mission and the fees for its support. The fees collected in 1885 were Rs. 1,383-12-5.

There are Prize Funds connected with the school to the amount of Rs. 700, and a Loan Fund, to help poor but deserving and clever boys, has been started and now amounts to Rs. 260.

The school is opened to all classes, without respect to caste.

Having been affiliated so lately, it has but started in its College Department. The Junior F. A. Class was opened March the 15th, and has enrolled 19 students. The fees levied at present in the College Department are Rs. 3-8 per month.

Maharaja's College, Mysore.

(Affiliated, November 1877.)

This Institution was established in 1833, by the late Maharaja, as a Free English School, according to the inscription still existing over the principal gateway. On the demise of His Highness in 1868, the school was taken over by Government, and called the Raja's School. The school had for several years sent up candidates for the University Examinations, when in 1875 it was formed into a High School for the Ashtagram Division of the Province of Mysore. In 1879 it was designated a Second Grade College under the name of the Maharaja's College, Mysore. All classes below the Upper IV were abolished in July 1884. In the two F. A. Classes together there were 74 Under-graduates in 1885. In the High School Classes there were 75 students, and in the Upper IV 21.

A sum of Rs. 50 a month is granted by Government for Scholarships. In 1883 the Mysore Government founded five Special Scholarships, each of Rs. 10, to enable the first five that pass the Matriculation Examination from a Mysore School in the First Class, to prosecute their studies for the F. A. Examination in a Mysore College. Two of these Scholarships were assigned to the Maharaja's College in 1884, and were divided into three Special Scholarships for those who passed among the first five in the First Class. Two more Scholarships were won by the College in 1885.

The College has a Library, a Reading Room supplied with the best English and Indian Papers and Periodicals, a Debating Club

a Lawn Tennis Club, a Cricket Club, a Foot-ball Club and a Gymnasium.

The staff of Teachers for the F. A. Classes and the Matriculation Class is as follows:—

Maharaja's College, Pudukota.

(Affiliated, November 1881.)

An Anglo-Vernacular School was first started in Pudukota in the year 1857, under the name of the Maharaja's Free School, for the education of His Excellency's poor subjects. The highest class kept in the school till 1878 appears to have been the 4th for many years and the 5th for some years. In 1878, when the school was placed under the charge of a trained Graduate, the several classes were re-arranged after the British classification as also the curriculum of studies. The teaching staff was also improved. In 1879 the school was accommodated in a new building and furnished at a cost of Rs. 14,000. In 1880 students were for the first time sent up for the Matriculation Examination of the Madras University. In 1881 a First Arts Class was opened, but the affiliation took place only in November of that year.

The College with its High, Middle and Lower Schools, contains more than 400 pupils.

The rates of fees are: College, Rs. 2; High School, Rs. 1-12 and Rs. 1-8; Middle School, Rs. 1-4, Re. 1, and 12 Annas; Lower School, 8 and 6 Annas. 8 per cent. are free scholars.

Mangalore College.

(Affiliated, November 1877.)

This is a Government Institution established in 1866 at the request of the Hindu population of the District of South Canara, who subscribed Rs. 65,000 for the purpose.

It embraces two departments, the College and High School. The College Department consists of two classes, the seventh and eighth; and the High School of two classes, the fifth and sixth. The Institution is open to all classes of the community without any distinction of caste or creed.

The sources of revenue are the interest of the Endowment Fund, which amounts to about Rs. 200 per mensem, and the school fees. The average amount of school fees for the last three years is Rs. 5,743-4-7.

The 'Thomas Scholarship,' founded in memory of H. S. Thomas, Esq., the late Collector of South Canara, is awarded to the student who stands highest in the school at the Matriculation Examination. It is worth Rs. 5 per mensem.

The staff of Teachers engaged in the College Department is :—

J. Moss, Esq., B.A., (Madras), Head Master, (on other duty).
C. W. Burroughs, Esq., B.A., LL.D., (Dublin), Acting.
U. Krishnayya.
K. Vishweshwara Rau.

Noble College, Masulipatam.

(Affiliated, November 1877.)

This Institution takes its name from the Rev. R. T. Noble, B.A., of Sidney Sussex College, Cambridge, who was one of the two Missionaries first sent to Masulipatam by the C. M. S. in 1841. He opened it with two pupils on November 21, 1843, and continued in charge without break, till his death, October 17, 1865. In 1864 the number on the rolls had reached 300, and a Collegiate Department was begun.

Various circumstances have at times much affected the number and quality of the pupils. In 1852 a Brahmin pupil became a Christian, and the number fell from 80 to 4. Other converts followed in 1856, and the Hindu community becoming alarmed, founded a rival High School, which has naturally the support of many of the chief members of Hindu Society in Masulipatam. High testimony was borne to the Noble School by Sir C. Trevelyan in 1860: it has had some distinguished pupils; and about 300 are still being educated in the School Department and its Branch, in addition to the College Department. There is also a Muhammadan Department attached to the Noble School, which numbers over 80 pupils. The studies range from the English, Telugu, and Hindustani Alphabets to the Matriculation Standard.

The Collegiate Department is steadily increasing. The first M. A. of the Madras University, V. Sundararamayya Garu, was educated up to the F. A. Standard in the school, and until the establishment of the Provincial College at Rajahmundry, it was the only Collegiate Institution in the Northern Circars. A grant-in-aid of about Rs. 1,000 per annum is drawn from Government in aid of the College Department. The remaining cost is borne by the C. M. S. and the Rugby Fox Memorial Fund. The latter was begun in 1848 to provide an Assistant Master, as a memorial of Mr. Noble's first colleague, the Rev. H. W. Fox, B.A., of Wadham, Oxford, who was educated at Rugby School. The Rev. John Sharp, M.A., of Rugby School, and Queen's College, Oxford, joined the school in that capacity in 1861. On the death of Mr. Noble he became Head Master, and was in charge of the school from October 1865 till April 1878 with the exception of from April 1870 to November 1872, when the Rev. C. Tanner was in charge. The Rev. E. N. Hodges, M.A., Queen's

College, Oxford, had charge of the school from April 1878 till February 1883, when the Rev. W. G. Peel, who had been acting Rugby Fox Master during the absence of Rev. A. W. Poole in England through illness, became Head Master, and continued to act as such till January 1885. The Rev. E. W. Elliott, B.A., St. Catherine's College, Cambridge, was appointed Rugby Fox Master for one year on December 1st, 1883. The Rev. E. N. Hodges resumed charge in February 1885 and finally resigned the Principalship in December 1885. The Rev. W. G. Peel, who was appointed Rugby Fox Master in March 1885, took charge of the College in January 1886. Mr. Itty Kuryan, B.A., D. Anantam Garu, B.A., and K. Rama Chandra Sastri Garu, Telugu Pandit, assist in the Collegiate Department.

Scholarships are annually given by the Lord Bishop of Madras, and the C. M. S. After Mr. Noble's death, above Rs. 14,750 were collected for a memorial to him. With this sum, supplemented by Grants from the C. M. S. and Government, a site was purchased, and a large and commodious building was erected for the school. It contains a spacious Hall and suitable class rooms. There is a considerable Library of valuable books, and the school appliances are ample and excellent. A Native Noble Fund provides two Scholarships in the School Department. The C. M. S. and a legacy from Miss Brabazon, a friend of Mr. Noble's, furnish others.

Through the efforts of Rev. E. Noel Hodges, a considerable addition was made to the school-building in 1883. The new erection is chiefly devoted to the use of the College Department, and contains small Geological and Physiological Museums, Physics and Chemistry apparatus, and a well-found Reference Library. The College students make use of the large ground-floor as a Reading and Consulting room, while the upper floor serves as the Principal's class room.

Pachaiyappa's College.

(Affiliated, February 1880.*)*

This School and College is a purely Native Institution maintained out of the fruits of Native benevolence, managed by a body of Hindu Trustees and dedicated solely to the education of the Hindu com-

munity, particularly at Madras. Pachaiyappa Mudaliyar, in whose name the Institution is founded, was a wealthy benevolent Hindu gentleman, who dying a hundred years ago when education was almost unknown in Madras, endowed various religious Institutions and private charities with no less than a lac of pagodas. The provisions of the Will, however, were in great part neglected by the Executors so that the Supreme Court at Madras intervened and assumed control of the estate. In the course of time, these funds amounted to nearly 7½ lacs of rupees, and after assigning the original lac of pagodas to the specific religious charities mentioned in the Will, the surplus funds were ordered to be devoted under a Decree of the Supreme Court to educational establishments in various parts of the Presidency, and particularly in Madras itself.

A school was therefore established in Black Town in January 1842, under the name of Pachaiyappa's Central Institution, for affording eleemosynary education to the poorer classes of the Native community in the elementary branches of English literature and science, coupled with instruction in Tamil and Telugu, the Vernacular languages of the Presidency Town, and is controlled by a governing body of Hindu gentlemen, being householders in Madras, called the President and Trustees of Pachaiyappa's Charities. During the early period of this school's existence, its numerical strength was once as high as eight hundred and eighty-two, and when applications for admission continued to pour in from all quarters, it was suggested to the President and Trustees that the Institution having been established for the benefit of the poor, a monthly fee might be justly demanded from all such rich parents as could afford to pay for the tuition of their children, and that the amount of such fees might be appropriated to extending the benefits of the Institution to more deserving objects of charity. This rule about the payment of a school fee was first put in force in April 1849, in which year the standard of studies was also raised by the introduction of the elements of Geometry and Algebra and the Geography and History of India and selections from the English Poets. On the 20th of March 1850 the school was removed to the present building specially built for the purpose, the ceremony of the opening of Pachaiyappa's Hall taking place on the same day amidst a thickly crowded meeting of European and Native gentry, with the late Governor the Right Honorable Sir Henry Pottinger in the chair. Ever since this Institution has continued to progress rapidly, until in 1864 it was raised to the

standard of a High School. The first batch of students matriculated from this school in 1858, when the curriculum of studies was specially adapted to the standard of the Matriculation Examination of the University. It was for a number of years the only Institution in the Town of Madras where the poorer classes of the Hindu population could obtain a liberal education on a secular basis, and previous to the raising of its own standards, proved an important feeder to the "Presidency College." The usefulness of the High School has been publicly recognized by the Government, the Director of Public Instruction having often commended it as a purely Hindu school which has contributed in no small degree to the spread of enlightenment in Madras.

The Trustees have separated the junior classes commencing from the Lower Fourth and formed them into a separate Institution, in a separate building maintained out of the funds of the late Govindu Nayadu's Charities. In this way the High School has been rendered more manageable and it is hoped more efficient.

The standard of the senior class has been raised to that of the F. A. Examination, the want of schools of this standard, in which secular education is given, being much felt by the Hindu population of the town. The Collegiate Department, consisting of two First Arts Classes, was opened in January 1880. These classes now contain 140 pupils, while the High School Department consists of three classes divided into ten sections containing six hundred boys; and the Institution thus developed is now affiliated to the Madras University.

A Commercial School was opened in connection with the High School in January 1886, which contains over 150 pupils.

The following monthly fees are levied :—

F. A. Classes	Rs. 4
Matriculation or VI Class	,, 3
Preparatory Matriculation or V Class	,, 2½

The High School and College is an unaided Institution receiving no Government Grant.

The High School has a Gymnasium of its own, and a Library of Standard authors and books of reference, and the requisite apparatus for the study of Physical Science.

The staff at present consists of :—

Pasumalai College, Madura.

(Affiliated, November 1881.*)*

The Pasumalai Seminary was opened as a High School and Training Institution in 1842, and has continued without any break in its operation through forty years up to the present time. It is situated two and half miles S. W. of Madura, and is under the care of the American Madura Mission. It has ample grounds and is well provided with buildings, school-fixtures, scientific apparatus, and has a consulting and general library, and a small invested fund—the interest of which is devoted to Scholarships. The pupils are chiefly drawn from middle grade schools, in the chief towns of the Madura District, under the care of the American Madura Mission. The school has sent up pupils to the Matriculation Examination since 1879. The first College Class was opened at the beginning of 1882. The staff of teachers consists of the Principal, three B. A. Masters, and one Munshi.

Principal..... .....Rev. Geo. T. Washburn, B.A.

Pittapur Raja's College, Cocanada.

(Affiliated, January 1884.*)*

This Institution was established in 1852, through the exertions of Messrs. Prendergast and Tulasinga Chettiyar, with the object of imparting a general knowledge in English and the Vernaculars. It

was under the management of a Committee. As the school entirely depended upon local subscriptions and fees, it gradually declined and finally collapsed in the year 1862. In 1863, when Mr. Purvis was Collector, it was revived by the exertions of that gentleman and of the late Kadambari Jagannatham Pantulugar, the then Deputy Collector, and the school was re-opened on the 28th October 1863 by Mr. H. Morris, the Collector,—Mr. Jagannatham Pantulugar being the Manager of the school. The Government gave a monthly grant of Rs. 70 and the Raja of Pittapur Rs. 100 per mensem towards its maintenance. In 1865 the increasing number of students and the want of sufficient accommodation in rented buildings led the Manager to point out to the public the necessity of erecting a building and of endowing the school in such a way that its permanency be insured. At this time of need the Raja of Pittapur, with his enlightened liberality, came forward and endowed the school with the sum of Rs. 25,000 in Government Paper bought at a high premium for Rs. 28,000, and he also gave a donation of Rs. 2,700 towards the building, Rs. 1,000 for furniture, and a spacious site besides. The Government gave a building grant of Rs. 5,000; and with these amounts a school-room, 100 feet by 15, with verandahs and some smaller rooms, was built. The Government also sanctioned in 1866 a grant of half the cost of the maintenance of the school. Up to that time the instruction given in the school was confined to what is now known as the Middle Class course. In that year the Institution was raised to the Matriculation standard. The existing accommodation being found insufficient for the growing wants of the school, a new block of buildings was constructed on the western side at a cost of Rs. 7,000, of which, half was raised by subscriptions, the rest being a Government grant. In the beginning of 1882, the accommodation being found still insufficient, Mr. Pyda Ramakrishnayyagar, a wealthy merchant of the town, with his usual liberality, paid Rs. 6,000 towards the erection of an upper-storied Hall, each Hall being 100 feet by 16. This building was opened on the 3rd of March 1883 by His Excellency the Right Honourable M. E. Grant Duff, the Governor of Madras. The Government sanctioned a grant of Rs. 6,000 towards the building and thus the cost of erection was fully met without trenching on the Funds of the Institution, which amount to a little over Rs. 50,000. As the majority of the Matriculates from Cocanada were obliged to discontinue their studies on account of the difficulty and expense they are put to in proceeding to Rajahmundry, the leading Hindu

gentlemen of the place expressed a desire that an F. A. Class might be opened, and an application was therefore made to the University and the Institution was raised to the rank of a Second Grade College in January 1884. The average monthly fees collected in 1883 was Rs. 350, and the Government grant about Rs. 170. There is a High School, a Middle School, and a Primary School Department attached to the Institution under the same supervision. The number on the Rolls on 31st December 1883 was 320. The Funds of the Institution are managed by a Managing Committee of ten members under the supervision of a General Committee of about 35 members with the Collector of the District as the Ex-officio President.

The staff of the College Department is :—

Mr. A. E. Adolphus, B.A , (Madras).
,, S. Sankariah, B.A., (Madras).
,, B. Kanakaraju, B.A., (Madras).
,, E. Vallabharaya Sastriyar, (Telugu Pandit).
,, E. Narasimha Sastriyar, (Sanskrit Pandit).
,, Munshi Abdul Rhyman, (Persian Munshi).

Salem College.

(Affiliated, February 1879.)

The Salem Zillah School was established in 1856. The College Department was opened in February 1879. Transferred to the Municipality October 1st, 1885. The staff is constituted as follows :—

Mr. E. E. Perrett, Head Master.

T. V. Subharama Aiyar, B.A., Acting 1st Assistant Master.

T. Amaldas Pillai, B.A., 2nd Assistant Master.

A. S. Vaidyanatha Aiyar, B.A., 3rd Assistant Master.

P. Bhujunga Rao, Librarian.

A. K. Amirtham Pillai, Munshi.

A half-yearly fee of Rs. 25 is levied in the College Department.

St. Aloysius' College, Mangalore.

(Affiliated, March 1882.)

This Institution was opened by the Fathers of the Society of Jesus in 1880 at the urgent request of the Catholic population of

the Collectorates of Canara, in both of which the Catholics are very numerous; in the town of Mangalore alone their number is over ten thousand, and about sixty thousand in the rest of the Vicariate, which comprises the two Collectorates of Canara and that of North Malabar. At the beginning it consisted of three classes only, *viz.*, the two Fourths and the Fifth. In 1881 the Matriculation Class was added, and subsequently the two F. A. Classes.

The new building on the Light-house hill, the finest spot in Mangalore, with a splendid view of the sea in front and the whole country round, was opened in the beginning of 1885. The site of the College is the munificent gift of Mr. Lawrence Lobo Prabhu. The expenses incurred by the new building were defrayed by collections made both in Europe and in Mangalore. The Government grant amounted to Rs 15,000. In the College building are located a Middle School with about 220 pupils and a High School, together with the F. A. Classes. The Senior F. A. Class numbers at present (1886) 30 students. The second language in all the classes is Latin and Canarese.

The Institution, although intended chiefly for Catholics, is open to all classes and creeds. The expenses are met from a Government Grant-in-aid, School fees, and chiefly from the Mission.

The present staff of teachers consists of the following gentlemen :—

Rev. A. Cavadini, S. J.....Rector, Professor of Logic, Mathematics and Latin.

" J. Hoene, S. J.....Prefect of Studies and Manager, Professor of English and Latin.

" H. Kemp, S. J .....Professor of Mathematics, Latin, Physiology, Physics and Chemistry.

" H. Ryan, S. J .....Professor of English and History.

" A. Müller, S. J.....Professor of English, Latin, History and Geography.

" A. Baizini, S. J... .. ..Professor of Latin and Mathematics.

Mr. S. Ramakrishnaya .....Canarese Pandit.

" W. Cooke.....Assistant Master of English, History and Geography.

Mr. M. Minezes.....Assistant Master of English and Canarese.

„ F. D. Saldanha.....Assistant Master of Mathematics, English History and Geography.

„ J. Castellino.....Assistant Master of English, Latin, Mathematics, History and Geography.

„ S. Rozario .....Assistant Master of English, Mathematics, History and Geography.

St. Joseph's College, Bangalore.

(Affiliated, September 1882.)

This Institution was established in 1857, with a view to afford to the Roman Catholic families resident in the Mysore State, the means of procuring to their children a liberal education. It was then placed under the charge of the *Brothers of St. Joseph's Society*, and remained so till lately, when the management and teaching were taken up by the Foreign Missions Society, Paris.

In 1882 it was raised to the rank of a Second Grade College, and opened to all classes and creeds. The expenses are met from a Government Grant-in-aid, School fees, and chiefly from an annual allowance of the Mysore Mission.

A Boarding Establishment has been, from the beginning, attached to the school, affording accommodation for about 80 boys.

The Professors employed in the College Department are :—

Rev. J. M. Vissac, B.Sc., (Grenobles);

„ J. Beatty;

„ C. Quenard;

„ M. L. Blaise;

„ P. Janssoone, B.A., Licencié-es-Lettres, (Douay);

„ C. Michel, B.A., B.L., (Paris);

„ G. A. Smith.

St. Joseph's College, Cuddalore.

(Affiliated, March 1884.)

This Institution was founded by the Right Rev. F. Laouënan, D.D., Bishop of the Society of Foreign Missions, Paris, as a High School in January 1868. It is supported by the Roman Catholic Mission, assisted by a Grant-in-aid from Government. The affiliation of the Institution, to the Madras University, in Arts, was sanctioned by His Excellency the Governor in Council, on the 28th March 1884. All classes of the community are admitted without distinction of caste or creed. It possesses a Boarding Establishment for Native Roman Catholic Christians. The total strength of the school at present is 400, of whom about 120 are Boarders.

The work of the College and the High School is shared among the following Masters :—

Principal, and Latin and French Teacher.	Rev. A. Tarbes.

St. Mary's College, Madras.

(Affiliated, February 1883.)

This Institution was founded by the Right Rev. Joseph Carew, D.D., in 1839. It is supported by the Madras Catholic Mission, assisted by a Grant-in-aid from Government. It began to prepare boys for the Matriculation Examination in 1862. Eleven boys passed the above examination held in December 1883. The affiliation of the

Seminary, to the Madras University, in Arts, was sanctioned by His Excellency the Governor in Council, on the 16th of February 1883. All classes of pupils are admitted into the Seminary. The fee charged for the Matriculation Class is Rs. 3 and for the F. A. Class Rs. 5.

Present number on the Rolls :—

High School and Collegiate Departments	50
Middle School	110
Primary School	58

Principal—

The Very Rev. Theop. Mayer, *V.G.*

Wesleyan Mission College, Negapatam.

(Affiliated, March 1883.*)*

This Institution was founded between 1820 and 1830 and has kept pace in its development with the general advance of education in the Presidency. A Matriculation Class was opened in 1863 and in 1883 the Institution was affiliated to the University as a Second Grade College. During the fifty years of its existence it has aided in the education of many men now eminent in the public service, among whom may be mentioned the Hon. T. Muttusawmi Aiyar, C.I.E., Judge of the High Court of Madras.

The College Staff consists of the following :—

Rev. W. H. Findlay, M.A., (Oxon.), Principal.

,, A. A. Thomas, B.A., (Lond.), Vice-Principal.

J. Kolandavelu, B.A., (Madras).

G. S. Ramaswami, B.A., (Madras).

FIRST GRADE COLLEGES.

The Bishop Cotton Schools and College, Bangalore.

(Affiliated, November 1877.*)*

These Schools were opened in 1865 for boys and girls, European and Eurasian. In January 1871 the Rev. G. U. Pope, D.D., was appointed Warden; the whole Institution was placed under his charge, and a College Department was sanctioned. The Institution is under a Committee consisting of the Chief Commissioner, the General of the Division, and several other gentlemen. The Lord Bishop of Madras is "Visitor."

The School Rolls show an average attendance of two hundred and fifty pupils.

The College Department has an average of six students; of those who matriculate from these schools, the majority after a year's further study generally proceed to England to enter the various Colleges for the Engineering, Medical and Military professions; the College Department therefore affords facilities to those, who remain in India, for higher education in connection with the Madras University. The College Department is under the Warden, the Rev. H. C. Parker, M.A., Oxon. The Bishop Cotton Schools and College have a grant of Rs. 470 per mensem from Government, and are under inspection.

Caldwell College, Tuticorin.

(Affiliated, February 1880.*)*

This College, which was opened on the 13th January 1883, consists of the College and High School Classes of the Institution previously known as the S. P. G. College, Sawyerpuram. There is a Middle School attached for day scholars. This Institution was originally founded in the year 1842 by the Rev. G. U. Pope, D.D., as a Training School for Mission Agents. In the year 1886 it was raised to the rank of a First Grade College. There are now about 500 students in all connected either with the College at Tuticorin or the Middle School at Sawyerpuram, of whom more than half are Christians. The cost of the Institution is met from Government

Grants, Endowments and Grants from the Christian Knowledge Society, and from the Society for the Propagation of the Gospel in Foreign Parts. Nearly Rs. 1,000 a month are given in Scholarships to Christians.

The present staff of teachers in the College and High School consists of the following :—

Rev. J. A. Sharrock, B.A., (Cambridge), Principal and Lecturer in English.

Mr. H. Malins, M.A., (Cambridge), Vice-Principal and Lecturer in Mathematics.

,, G. Arumainayagam, B.A.

,, S. Krishnamachariar, B.A.

,, S. Y. Abraham, B.A.

,, Y. Stephen, B.A.

,, E. Rajappa Pillai, Tamil Pandit.

A Normal School in connection with the College was opened in 1884, with its accompanying Practising School. This school is under Mr. C. P. Gnanakan, B A. Scholarships of Rs. 5, 7 and 10 per mensem are given to the students.

Central College, Bangalore.

(Affiliated, November 1877.)

This is the highest educational Institution of the Mysore Government. Established in 1858 as the High School, it had its curriculum adapted to the standards of the Madras University in 1865, was formed into the Central College in July 1875, and was affiliated with the Madras University as a First Grade College in November 1877. The present premises, in their original form, were first occupied in 1860, but various extensions have since been made. The first student who matriculated from the Mysore Province did so from the High School in 1863.

Special encouragement is given by the Mysore Government to the teaching of Physical Science, to illustrate which a good collection of Physical and Chemical apparatus has been provided. The Primary School and Lower Classes of the Middle School were abolished in July 1883, in order to concentrate the teaching on the higher branches. The College Department proper contains over one hundred and fifty students.

The fees are Rs. 3 for the First in Arts Classes; Rs. 4 for the B. A. Classes; Rs. 2 for Matriculation; Rs. 1-8 for Class V and Re. 1 for the Upper Fourth Class.

Government Scholarships, amounting in all to Rs. 100 per month, are awarded according to the results of the Matriculation and First in Arts Examinations of the Madras University.

There is also a Dobbs' Scholarship of about Rs. 67 per annum for students reading for the B A. degree. Mr. Venkatavaradiengar, M. L, Deputy Commissioner, Shimoga, also provides no less than 3 Scholarships of Rs. 10 each per month to students of the Hebbar Iyengar class who will undertake to read for the degree. In 1883 H. H. the Maharajah sanctioned 5 Scholarships of Rs. 10 each, tenable for four years by any student passing the Matriculation Examination in the first class and undertaking to read for the First in Arts Examination in any College in the Mysore Province, and thereafter to read for his degree (B. A.) in the Central College. A special prize of Rs. 100 is also offered annually to the student who takes the highest place in the B. A. list, provided he takes Physical Science as his optional subject, and obtains not less than half of the maximum number of marks.

The staff consists at present of—

Principal—J. Cook, M.A., (*Aberdeen*); *Vice-Principal*—C. Leonard, B.A.; *Assistant Masters*—O. V. Norris, B.C E., T. R. Venkataswamy Naidu, B.A., K. Eapen, B.A., T. Paramasiva Iyer, B.A., S. Srinivasa Rau, B.A., C. Krishna Rau, B.A., and H. Vasudeva Rau; *Munshis*—(Kanarese) B. C. Rama Sesha Sastriyar; (Sanskrit) C. Visweswara Sastriyar; (Tamil) T. G. Narayanaswami Pillai; (Hindustani) Khadir Mohdeen.

The College has a Library containing over 1,500 volumes, and a Reading Room supplied with the principal local and English Newspapers and Magazines.

Doveton Protestant College, Madras.

(Affiliated, November 1877.)

This Institution was opened on the 1st March 1855.

The object of the Institution is "to offer to the youth of the Christian community a liberal and sound Christian Education," in

accordance with the commonly recognized tenets of the Church of England, the Church of Scotland, and the whole body of the Protestant Churches. All Christians may become Members of the Institution by a monthly payment of Re. 1, and are entitled to vote at the General Meetings (if their subscriptions are paid up for the six months previous to such meetings). The Executive Management is in the hands of a Committee of thirteen, (nine representatives of the Doveton Institution, and four of the Protestant College), which meets once in two months, and is empowered to frame such regulations as it deems proper for the internal economy of the Institution.

The various sources of revenue are:—(1) Fees, (2) Subscriptions, (3) Government Grant-in-aid and (4) Interest on Government Securities held in Trust from Captain Doveton's Estate, and a donation of Rs. 5,000 per annum from the interest on the Protestant College Fund.

The Institution comprises a School, and a College Department. The former aims at providing a thorough English, Classical, and Mathematical education on a level with the Collegiate Schools of England and Scotland. Its curriculum extends over six years: the standard of the First Class is quite elementary; that of the Sixth or highest class is the *Matriculation Standard* of the Madras University.

Four Stipendiary Scholarships open to public competition, each tenable for 2 years, are given annually in the School Department.

The College Department provides a curriculum of four years, qualifying for the standard of the B. A. Degree Examination at the end of the fourth year. The following is the present staff of Professors and Assistant Professors:—

Cecil M. Barrow, Esq., M.A., (Oxford), Principal, and Professor of *English* and *Classics*.

Ben. H. Chester, Esq., M.A., (Madras), Professor of *Mathematics* and *Physical Science*.

George Maddox, Esq., B.A., (Madras), Professor of *Logic* and *History*.

J. R. Coombes, Esq., B.A., (Madras), Asst. Professor of *History*.

S. P. D'Sylva, Esq., B.A., (Madras), Asst. Professor of *Mathematics*.

SUCCESSION LIST OF PRINCIPALS.

Rev. R. Halley M.A.	1856—1863.
Rev. John Bamforth	1863—1867.
George Thom, Esq., M.A.	1868—1876.
John Cook, Esq., M.A.	1876—1882.
Cecil M. Barrow, Esq , M.A.	1883—

The numbers on the rolls of the Institution are upwards of two hundred. The fees vary from Rs. 2 to 5 in the different classes.

FOUR SCHOLARSHIPS are conferred annually on First year's students who have passed the Matriculation Examination of the University, and who undertake to prosecute their studies for the B. A. Degree at the Institution. *Two* are conferred on the two Doveton students who have passed highest in the University Entrance Examination; the two others are open to the two European or Eurasian students from any other Institution, who shall have passed the Matriculation Examination and hold higher rank than any Doveton pupils, other than the two holders of Scholarships for the year. These Scholarships are of the value of Rs. 13 *per mensem* for the first two years: and Rs. 20 or Rs. 15 *per mensem* for the third and fourth years, according as the holder is placed in the first or second class of the First Arts Examination at the end of his second year, and provided that there are B. A. Classes at the time in the Doveton College.

Free Church Institution and Madras Christian College.

(Affiliated, November 1877.)

This Institution was founded in 1837 by the Rev. John Anderson, the first Missionary of the Church of Scotland to Madras, and it was for a number of years the only one in Southern India where natives of the country could obtain a liberal education. It was originally styled the "General Assembly's Institution," but remaining in dependence on that section of the Church which in 1843 dissolved its connection with the State, it was known from that time till lately as the "Free Church of Scotland Mission Institution." The College Department was opened in 1865: in 1876 its basis was widened: other Christian bodies combined with the Free Church in contributing to its support, and are represented on its Council, so that it has become

the main centre of Christian liberal education in Southern India. In accordance with this new development of the Institution, the words "Madras Christian College" were added to its designation.

In 1885 there were about one thousand pupils in the School Department, and in the College Department above five hundred undergraduates. The pupils and students are of all classes of the community.

Scholarships.—1. The Johnstone Scholarship of Rs. 30 *per mensem* tenable for one year, restricted to Native Christians: founded in 1853 in memory of the Rev. Robert Johnstone, the second Missionary of the Church of Scotland to Madras.

2. The Mackintosh Scholarship of Rs. 8 *per mensem* tenable for one year, being the interest of the proceeds of the "Life of John Mackintosh, by the Rev. Norman Macleod, D.D.," presented by the author.

3. The Gunn Scholarship of Rs. 122 *per annum* tenable for four years, founded in 1869 by Donald Gunn, Esq., of Latheron in Caithness, in memory of his son.

4. A Scholarship of Rs. 158 tenable for one year, decided by competition at the end of the third year of the College course.

5. A Scholarship of Rs. 134 *per annum* tenable for three years, decided by competition at the end of the first year of the College course.

6. A Scholarship of Rs. 50 *per annum* tenable for two years, decided by a competition in Mathematics at the commencement of the third year of the College course.

Hyderabad College.

(Affiliated, March 1882.)

The first English School in Hyderabad called the City English High School, was founded in the year 1857, where English, Arabic, Persian, Hindustani, Telugu, Mahratti and Kanarese were taught. Some of these subjects were carried as far as the First Arts Standard. The students of this school were not however prepared for the Madras University, but were drafted either into the Local Medical and Engineering Colleges or into such offices of the State as their qualifications fitted them for.

In 1869 an Engineering College and feeder to it were opened. This feeder, in 1872, was separated from the Engineering College, under the designation of the Chadderghaut Anglo-Vernacular School. In 1877 the City English High School and the Chadderghaut Anglo-Vernacular School became one under the latter name, and Mr. F. Schaffter was appointed Head Master.

In 1880 H. H. the Nizam's Government applied for and obtained the affiliation of the school to the Madras University up to the F. A. Standard, under the designation of the Hyderabad College.

In December 1881 two students passed the F. A. Examination. In 1882 the College was affiliated up to the B. A. Standard, and passed its first Graduate in February 1884.

The number of students on the roll at present is two hundred and thirty. The fees vary for the different classes from Rs. 3-8-0 to 1 rupee. Students of all denominations are admitted.

The College staff stands as follows:—

Maharaja's College, Trivandram.

(Affiliated, November 1877.)

This Institution was founded in 1834 as H. H. the Raja's Free School, to provide an English education for His Highness's subjects. In 1866 arrangements were made for teaching up to the standard of the First Examination in Arts of the Madras University, and in 1869 for carrying on students to the Bachelor of Arts Examination. At the beginning of 1875, a Professor of Law was appointed, by attendance at whose lectures, students are qualified, according to the rules of the University, to compete for the Degree of Bachelor of Laws. The Institution is supported by the Government of His Highness the Maharaja of Travancore, and is open to all classes of the community. The Principal is directly responsible to the Dewan of Travancore.

The College, with a High School, is accommodated in a building erected by His Highness's Government at an expense of more than two lakhs of rupees, and opened in March 1873. In the College there is an entrance fee of two rupees, and a monthly tuition fee of one rupee and a half in all except the Science classes in which it is two and a half rupees.

There are connected with the College, two Cullen Scholarships, (founded in memory of Major-General Cullen, for many years British Resident in Travancore and Cochin), of Rs. 10 each monthly, one of which is awarded yearly for two years to the student, being a Native of Travancore, that passes highest in the First Examination in Arts. There are also two Cullen prizes of Rs. 80 each, awarded yearly to the Travancore student that passes highest in the Bachelor of Arts, and in the Bachelor of Laws Examination respectively. There is also a Scholarship of Rs. 5, founded two years ago by T. Rama Row, Esq., Dewan Peishcar of Cottayam District, and awarded every two years to a poor boy who passes the Matriculation Examination and is a Native of Travancore. Besides these, His Highness's Government yearly awards a Scholarship, dependent on the results of the Matriculation Examination, of Rs. 5 monthly for two years, and if at the end of that time the holder pass the First Examination in Arts, the Scholarship is increased to Rs. 8 monthly for two years more.

Presidency College.

(Affiliated, November 1877.)

This Institution was first established in 1841 under the name of "The High School of the Madras University." The Madras University was intended to consist of two departments, a College, and a High School, and was under the control of a Governing Body, called the President and Governors of the Madras University. The First President was Mr. George Norton, then Advocate-General of Madras, and the Governors, fourteen in number, consisted of European and Native gentlemen in equal proportions. The High School progressed rapidly, and in the course of time, higher classes were established, until in 1855, when the control of the Institution was transferred to the newly appointed Director of Public Instruction, the College was duly constituted under a Principal and Professors and received its present name.

The College has two branches, the General and Legal. The General Branch is open to all Matriculated Students, the Legal to Graduates in Arts, and others who give satisfactory proof of having received a sound English education.

From 1841 to 1870 the work of the College was carried on in a private house in Egmore rented by Government, but in March of the latter year, the new buildings at Chepauk were formally opened by His Royal Highness the Duke of Edinburgh, and the students transferred to them in the month of July following.

Rajahmundry College.

(Affiliated, November 1877.)

This College was instituted with the view of its supplying a long-felt educational want in the Northern Circars, and affording the students of the upper portion of the Presidency the requisite facilities for qualifying themselves for the Degree Examination from which, owing to their isolated position, they have been hitherto almost entirely debarred.

It was with this object in view, that in 1868, the school then of the Zillah Grade, was raised to the rank of a Provincial School, but owing to various unfortunate circumstances it remained in effect a Zillah School till the establishment of a First Arts Class in 1873.

Its subsequent success having been such as to warrant the carrying out of the original scheme for its development into a Provincial College, a B. A. Class was formed in 1877, and the Institution now contains its full complement of four College Classes numbering upwards of eighty students.

Arrangements have been made to enable students to appear for the Degree Examination in any of the following Optional Branches, viz. :—

1. Mathematics and Natural Philosophy.
2. Physical Science.
3. Mental and Moral Science.

The Teaching Staff of the College Department is thus constituted :—

E. P. Metcalfe, Esq., M A., (Cambridge), Principal.

C. Sundara Rao, B.A., (Madras), 1st Assistant, Acting.

C. Nagoji Rao, B.A., (Madras), 2nd Assistant, on other duty.

N. Vaidyanatha Iyer, M.A., (Madras), Acting 2nd Assistant.

P. Srinivasa Rao Pantulu, B.A., (Madras), 3rd Assistant.

M. Rangacharulu, B.A., (Madras), Science Assistant.

The College is maintained almost entirely from Provincial funds and is open to all members of the community. As regards fees it has been placed in Class A of Provincial Schools and Colleges.

The Raja of Pittapur has placed at the disposal of the Principal, Scholarships amounting to Rs. 40 per mensem to be awarded to poor deserving students in the B. A. Classes, and the Zamindar of Parlakimedy has established two Scholarships of Rs. 20 for students from Ganjam, with preference to Uriyas and Muhammadans, to be held in the same classes.

S. P. G. College, Trichinopoly.

(Affiliated, February 1883.*)*

This Institution consists of a School and a College. It receives a Government Grant, and the Society for the Propagation of the Gospel supplies the additional necessary funds. All classes of the community are admitted, but most of the students are Brahmins.

St. Joseph's College, Trichinopoly.

(Affiliated, November 1877.*)*

St. Joseph's College was originally established at Negapatam in 1846 by the Jesuit Fathers of the Madura Mission for the benefit, primarily, of Catholic children.

After the establishment of the Madras University, the authorities of the College, with a view to contribute their own share to the spread of education, decided to open the Institution to all without distinction of creed or race and to place it under inspection.

The College was removed to Trichinopoly in 1883 in order to bring the advantages of Higher Education within easier reach of Catholics residing in the several Southern Collectorates, and to provide at the same time a good school for the large Catholic population of Trichinopoly itself, most of whom were unable for reasons of poverty to send their children to Negapatam. The College however at Trichinopoly continues open to all creeds and classes and numbers about 900 students.

The instruction imparted ranges from the Elementary to the B. A. Classes, including all the Optional Subjects of the present course and the Optional Branches I, II, IV and V. A large Reference Library of about 3,000 volumes is at the disposal of the students of the College Department, and there is a good supply of Physical and Chemical apparatus for the Science Branches.

Attached to the College is a large Boarding House for Native Catholic students as well as Lodgings for Brahmin and Caste Hindus within the College compound.

Medical College, Madras.

(Affiliated, November 1877.*)*

This Institution was opened as the Medical School in 1835, and intended for the instruction in Medicine of Europeans, Eurasians and Native Candidates for the Subordinate Medical Service. The benefits were early extended to those desirous of qualifying for Medical Degrees, and some of the courses are open to the public. The designation of the Institution was changed to Medical College in 1851. The College is under the control of a Principal, subject to the authority of the Director of Public Instruction. The Certificates of the College are formally recognized by the Colleges of Surgeons of England, Edinburgh and Ireland. Students of the Senior Department are prepared for the University Degrees. Five have graduated as M. D. and fifteen as M. B. and C. M. and thirty-eight have taken the Degree of L. M. and S.

The academical year consists of a Winter Session of six, and a Summer Session of three months. The year commences on the 1st October. The curriculum of the Senior Department is in conformity with the requirements of the University Regulations for Degrees in

Medicine. That for the Second Department (Apothecary Grade) is practically the same as that for the L. M. and S. Section of the Senior Department. Clinical Instruction is imparted at the General Hospital, the Lying-in Hospital and the Eye Infirmary.

Female students are now permitted to join the classes of the College.

Government Scholarships have been abolished, and fees are now paid by students of this Department. The Institution is supported by Government. Five free Scholarships have been recently attached to the Medical College, in lieu of the five Government Scholarships abolished.

There are five Gold Medals awarded. The Johnstone Medal is open annually to students of the Senior and Second Departments; the Blacklock Medal is given annually to the best student of the Second Department alternately for Clinical Medicine and Clinical Surgery; and the Chipperfield Medal is given to the best Clinical student in Medicine and Surgery. The Bharati Lakshmi Gold Medal (awarded by His Highness the Maharaja of Travancore) is given to a female student for proficiency in Midwifery and Diseases of Women and Children. A Gold Medal, for proficiency in Midwifery, is given by P. S. Ramasawmy Moodeliar, C.I.E.

STAFF OF TEACHERS.

Brigade-Surgeon James Keess, M.D., (Aberdeen), M.R.C.P. and L.M., (London), and M.R.C.S., (England)—Principal and Professor of Medicine and Clinical Medicine and Lecturer on Comparative Anatomy.

Surgeon-Major A. Porter, M.D.—Professor of Medical Jurisprudence.

Surgeon-Major E. F. Drake-Brockman, L.R.C.P., (London), F.R.C.S., (England)—Professor of Ophthalmology and Physiology.

Surgeon-Major J. L. Ratton, M.D., M.R.C.S.—Professor of Surgery and Clinical Surgery.

Surgeon-Major C. Sibthorpe, L.R.C.S., F.K. and Q.C.P., (Dublin)—Professor of Anatomy, (now on Field Service).

Surgeon-Major A. M. Branfoot, M.B., (London), M.R.C.S., (England), and L.R.C.P., (London)—Professor of Midwifery and Diseases of Women and Children.

Surgeon-Major C. J. McNally, M.D. and C.M., Queen's University, L.R.C.S., (Ireland), S.SC.C., (Cambridge)—Professor of Chemistry.

Surgeon-Major H. Allison, M.D.—Professor of Hygiene.

Surgeon D. F. Dymott, M.B., (London)—Professor of Pathology, (now on Field Service).

Surgeon J. Maitland, M.B., C M., (Edinburgh)—Professor of Pharmacy and Materia Medica.

H. J. Gould, Esq., Professor of Dental Surgery.

Mrs. M. Scharlieb, M.B., B.S., (London)—Lecturer on Midwifery to female students.

Honorary Surgeon W. Karney—Assistant to the Professor of Medicine.

2nd Grade Apothecary R. Hollingsworth—Assistant to the Professor of Materia Medica and Pharmacy, and Lecturer on Botany.

1st Grade Assistant Apothecary V. J Staggs—Assistant to the Professor of Chemistry and Physiology.

1st Grade Assistant Apothecary D. Robertson, Demonstrator of Anatomy, &c.

Civil Engineering College, Madras.

(Affiliated, November 1877.)

The following Code of Rules relating to the constitution and work of the Madras College of Engineering, the subsequent training of students, and their selection by the Department of Public Works, has been sanctioned by Government and will have effect from 1st January 1886:—

Preamble.—The College, which is affiliated to the Madras University, will afford theoretical and practical instruction in subjects qualifying Europeans and Natives of India for the professions and callings set forth in Article III, in view of fitting them for employment in such capacity by Government, by Local and Municipal Boards, and by other agencies.

Students passing the higher course in Engineering are at the same time prepared for the B. C. E. Degree of the Madras University.

Article I.

The responsibility for the discipline and management of the College is vested in the Principal, under the control of the Director of Public Instruction.

ARTICLE II.

The admission and all final examinations will be conducted by an independent Board of Examiners, consisting of a President and two Members, to be appointed by Government for a term of three years. They shall receive such remuneration as shall from time to time be fixed by Government. When necessary, the Board may, with the sanction of Government, employ Assistant Examiners. The decision of the Board of Examiners in regard to the qualifications of any student appearing for examination shall be final. The names of all students declared by the Board to have passed a final examination shall be published in the *Fort St. George Gazette.*

ARTICLE III.

The classes to be formed are :—

(1) Civil Engineers.
(2) Mechanical Engineers.
(3) Engineer Subordinates.
(4) Draughtsmen.
(5) Surveyors.
(6) Sub-Overseers, Maistries, and Artisans.

ARTICLE IV.—ADMISSION.

(1) The number of students to be admitted annually will, for the present, be limited to 15 in Civil and Mechanical Engineer classes taken together; to 30 in the class for Engineer Subordinates; to 20 in the class for Draughtsmen; to 15 in the class for Surveyors.

N B —These numbers will be liable to reduction, which will be notified one month before the entrance examination, until the College accommodation has been improved and enlarged to meet requirements.

The number to be admitted to the other classes will be notified yearly. Admission shall be once a year—(1) For the Engineer classes, on last Monday in January; (2) for the Engineer Subordinates' classes, on first Monday in August; (3) for the junior classes, on last Monday in January.

(2) Candidates for admission to the Civil and Mechanical Engineer classes must be between the ages of 17 and 21 years, to the Engineer Subordinates' class between the ages of 16 and 20 years, and to the other classes between the ages of 16 and 22 years, on the 31st December preceding the year of admission.

(3) Candidates for admission to the Civil and Mechanical Engineer classes must produce a certificate of having passed the First Examination in Arts of the Madras or other Indian University; to the

Engineer Subordinates' class, a certificate of having passed the Matriculation Examination of the Madras or other Indian University; to the Draughtsmen's and Surveyors' classes, except when specially exempted, a certificate of having passed the Middle School Examination. For the sixth class selection will be made from the sons of artisans or maistries, or from youths who have already had practical training in some of the building trades.

(4) All candidates must produce satisfactory testimony of good character, physical fitness, age, and freedom from liability to small-pox. Candidates whose certificates are unsatisfactory in any respect will be excluded from the test for admission.

(5) Admission to the Civil and Mechanical Engineer classes shall be decided by open competition in the following branches of mathematics; but, to insure a high standard of general knowledge, to the total marks obtained in mathematics will be added one-half of the marks obtained in the F. A. Examination :—

	MARKS.
Arithmetic	100
Algebra, including quadratic equations and binomial theorem	75
Geometry, the first four books and the sixth book of Euclid	75
Mensuration	50
Trigonometry, including the solution of plane triangles	100
Total ..	400
F. A. Examination...	300
Grand Total ..	700

Candidates failing to obtain one-third of the combined total marks shall not be admitted. Selection shall be made in order of merit: provided that, if four Europeans and Eurasians and three Muhammadans are not within the first fifteen, the number under each may be made good in order of merit from the other qualified candidates. Before joining the College, the candidates shall inform the Principal whether they intend to be Civil or Mechanical Engineers.

(6) The fee for admission to this examination shall be Rupees 10. The names of the successful candidates shall be published in the *Fort St. George Gazette.*

BENGAL SECRETARIAT

(7) Admission to the Engineer Subordinates' class shall, except in the case of soldier students, be decided by open competition in the following branches of mathematics; but to ensure the requisite standard of general knowledge, to the total marks obtained in mathematics will be added one-half of the marks gained in the Matriculation Examination :—

						MARKS.
Arithmetic	...	...	...	...	..	125
Algebra	.	...	...	...	...	75
Geometry	..	...	...	...	...	100
						300
Proportion of marks in the Matriculation Examination						225
					Total ...	525

(8) Candidates failing to obtain one-third of the total combined marks shall not be admitted. Selection shall be made in order of merit: provided that, if six Europeans and Eurasians and four Muhammadans are not within the first twenty-five, the number under each may be made good in order of merit from the other qualified candidates. The fee for admission to this examination shall be Rupees 5. The names of the successful candidates shall be published in the *Fort St. George Gazette.*

(9) *Soldier Students.*—Non-commissioned officers and soldiers of Her Majesty's British service desirous of qualifying for employment in the Public Works Department will, to the number of five annually, be admitted to the College on passing an entrance examination in arithmetic and English. After one year's study of arithmetic, algebra, geometry, and vernacular language, they will, provided they pass a satisfactory examination in these subjects, join the subordinate class for the ordinary theoretical and practical courses. Each student will draw a stipend of Rupees 10 per mensem for three-and-a-half years, commencing from the date of joining the subordinate class. His pay, rations and clothing will be drawn from his regiment throughout the whole course of study. A fixed proportion between the number of soldiers and civilians to be appointed to the Public Works Department will be established.

(10) Admission to the Draughtsmen's and Surveyors' classes shall be regulated by the order in which the candidates have passed the Middle School or some higher examination, the selection proceeding

from those that have passed a higher examination to those who have passed a lower.

ARTICLE V.—COURSES.

The course and subjects of study in the several classes shall be as follows :—

(1) CIVIL AND MECHANICAL ENGINEER CLASSES.

(*a*) THEORETICAL COURSE.—The theoretical course, which extends over three years, will embrace the subjects and carry the marks enumerated below :—

		MARKS.
I.	*Pure and applied Mathematics.*—Algebra, geometry, and arithmetic; mensuration and trigonometry; mechanics; hydro-mechanics; algebraic geometry, and the differential and integral calculus	675
II.	*Science.*—Chemistry, physics, and geology ...	325
III.	*Engineering.*—Building materials; building and bridge construction; hydraulics, irrigation works and sanitary engineering; road and railway construction; applied mechanics; principles of mechanism; prime movers; the steam-engine...	800
IV.	*Surveying.*—Surveying with chain, compass and plane table; levelling; theodolite surveying; topographical drawing	400
V.	*Drawing.*—Geometrical drawing; freehand, model, and perspective drawing; architectural drawing; machine drawing; estimating; designing; specification	500
VI.	*Language.*—Tamil or Telugu*	200
VII.	*Physique.*—Physical fitness; gymnastics, &c. ...	100
	Final Total ...	3,000

Of the total marks, 2,700 shall be awarded by the Board of Examiners for examination work; and 300 by the College Staff for drawings, notes, fieldwork, &c., executed during the course. The Board, however, shall call for and inspect such drawings, notes, &c., before finally accepting the marks given by the Staff.

* NOTE.—Tamil to be obligatory for natives of Telugu districts, and *vice versâ*. The choice of one of these two languages to be open to all other students.

Term examinations will be held at the end of the first and second years of study, at which portions of the above subjects will be finally disposed of by the Board of Examiners. The marks awardable at these examinations are included in the final total.

Candidates must obtain one-third of the total marks in each of the subject heads I, III, IV, and V, one-fourth in each of the subject heads II, VI, and VII, and one-half of the final total marks. They shall be arranged in two classes in order of merit; the first, or honor class, containing those who have obtained not less than three fourths of the total marks.

(*b*) PRACTICAL COURSE. *Civil Engineers.*—After completing the theoretical course, the pupils of the Civil Engineer class will spend one year in the Public Works Workshop, going through the carpenters' shop, the smithy, the foundry, and the fitting shop. They will then be placed for one year under the Public Works Department, and will be stationed at places where large works are in progress. They will be regularly instructed in the practical details of brick-making, brick-laying, quarrying, blasting, masonry, building of all sorts, the management of labor, accounts, &c.

Mechanical Engineers.—The course will comprise two years of practical study at the chief workshops of the Presidency.

(2) ENGINEER SUBORDINATES' CLASS.

(*a*) THEORETICAL COURSE.—The theoretical course, which extends over two-and a-half years, will embrace the subjects and carry the marks enumerated below :—

		MARKS.
I.	*Mathematics.*—Arithmetic, algebra and geometry; plane trigonometry and mensuration; elementary statics	370
II.	*Engineering.*—Building materials; strength of materials; building and bridge construction; earthwork and roads; hydraulics and irrigation works; elementary applied mechanics; mechanism and the steam-engine; designing and estimating ...	600
III.	*Surveying.*—Surveying with chain, compass and plane table; levelling; theodolite surveying; topographical drawing	350
IV.	*Drawing.*—Geometrical drawing; freehand drawing; mechanical drawing; estimating ...	400

		Marks.
V.	*Language.*—Tamil or Telugu*	180
VI.	*Physique.*—Physical fitness; gymnastics, &c. ...	100
	Final Total .	2,000

Of the total marks, 1,800 shall be awarded by the Board of Examiners for examination work, and 200 by the College Staff for drawings, notes, fieldwork, &c., executed during the course. The Board, however, shall call for and inspect such drawings, notes, &c., before finally accepting the marks given by the Staff.

Term examinations will be held at the end of the first and third half years of study, at which portions of the above subjects will be finally disposed of by the Board of Examiners. The marks awardable at these examinations are included in the final total.

Candidates must obtain one-third of the total marks in each of the subject heads I, II, III, and IV, one-fourth in each of the subject heads V and VI, and one-half of the final total marks. They shall be arranged in two classes in order of merit; the first containing those who have obtained at least three-fourths of the total marks.

(*b*) Practical Course.—The practical course will comprise one year of practical study in workshops, and one year on large engineering works, on which instruction will be afforded similar to that given to the Civil Engineer pupils.

(3) Draughtsmen's Class.

The course, which extends over two years, will embrace the subjects, and carry the marks enumerated below :—

		Marks.
(1)	Practical and descriptive geometry	150
(2)	Freehand, perspective, and model drawing .	150
(3)	Architectural and topographical drawing ...	240
(4)	Machine drawing	200
(5)	Estimating	260
	Total...	1,000

* Note.—Tamil to be obligatory for natives of Telugu districts, and *vice versâ*. The choice of one of these two languages to be open to all other students.

Of the total marks, 800 shall be awarded by the Board of Examiners for examination work, and 200 by the College Staff for plans, &c., executed during the course. The Board, however, shall call for and inspect such drawings, &c., before finally accepting the marks given by the Staff.

A term examination will be held at the end of the first year.

Candidates obtaining 66 per cent. in each of the above five subjects and 75 per cent. on the total shall receive *First-class* Certificates: those obtaining 50 and 66 per cent., respectively, *Second-class* Certificates: those obtaining 36 and 50 per cent., respectively, *Third-class* Certificates.

(4) SURVEYORS' CLASS.

The course, which extends over two years, will embrace the subjects, and carry the marks enumerated below:—

	MARKS.
(1) Surveying with chain, compass, and plane table	275
(2) Levelling	225
(3) Theodolite surveying	200
(4) Topographical drawing	300
Total...	1,000

Of the total marks, 800 shall be awarded by the Board of Examiners for examination work, and 200 by the College Staff for field-work and drawings executed during the course. The Board, however, shall call for and inspect such drawings, notes, &c., before finally accepting the marks given by the Staff.

A term examination will be held at the end of the first year.

Candidates obtaining 66 per cent. in each of the above four subjects and 75 per cent. on the total shall receive *First-class* Certificates: those obtaining 50 and 66 per cent., respectively, *Second-class* Certificates: those obtaining 36 and 50 per cent., respectively, *Third-class* Certificates.

(5) SUB-OVERSEERS, &c.

The courses of study shall be:—

Arithmetic.

Elementary Geometry.

Mensuration.

Scales.

Plan-drawing.

Elements of Engineering.

No examinations will be held, but a certificate of attendance shall be given by the Principal after a minimum period of one year's regular study. The instruction shall be given in the Tamil and Telugu languages, and the class shall be an evening one.

ARTICLE VI.—FEES.

(*a*) *Civil and Mechanical Engineer Classes.*—The fee is fixed at Rupees 85 for each term of six months, payable in advance; or, if candidates so desire, they will be permitted to pay instead a monthly contribution of Rupees 16, but in either case a deposit of Rupees 100 will be demanded at the outset.

A student may compound for the whole theoretical course by the payment of a fee of Rupees 400 in advance. No fee will be demanded for the practical course.

(*b*) *Engineer Subordinates' Class.*—The fee is fixed at Rupees 30 for each term of six months, payable in advance; or a monthly contribution of Rupees 6, or Rupees 125 for the whole theoretical course, payable in advance. In every case a deposit of Rupees 50 will be demanded at the outset. No fee will be demanded for the practical course.

(*c*) *Draughtsmen's and Surveyors' Classes.*—A term fee of Rupees 18 to be paid in advance, or a monthly contribution of Rupees 4.

(*d*) *Sub-Overseer and Maistry Class.*—No fee shall be required except a registration fee of five rupees.

NOTE.—Fees will, under no circumstances, be returned after a student has been admitted to the institution.

ARTICLE VII.—CERTIFICATES.

(*a*) The Board of Examiners shall issue, under their signatures, a certificate to each candidate setting forth the class of study in which he has qualified; but, in the case of students of the Engineer and Engineer Subordinates' classes, the final certificate, in the nature of a diploma, shall be issued under the signatures of the Principal of the College and of the Director of Public Instruction, in proof that the student concerned has satisfactorily completed the prescribed practical course.

(b) A candidate who has failed to obtain a certificate from the Board at the final examination may appear before the Board for examination at any subsequent year, provided he is certified to have put in the necessary attendance at the College and pays a fee as follows :—

	RS.	A.	P.
Civil and Mechanical Engineers..... ..	30	0	0
Engineer Subordinates.....	20	0	0
Other classes	10	0	0

(c) The names of the candidates so passing shall be published in the *Fort St. George Gazette* in a separate list, and they shall simply be declared to have satisfied the Board of Examiners.

ARTICLE VIII.—SCHOLARSHIPS, &c.

The following scholarships and prizes are allowed for students during their College course :—

(1) *Engineer Classes.*—One scholarship of Rupees 30 per mensem will be awarded annually to the candidate who passes first in the admission examination. The scholarships are re-awardable annually on the results of each term examination.

A gold medal of the value of Rupees 120 will be awarded to the student who passes first in the final examination.

Prizes consisting of instruments or books will be given for special proficiency in particular subjects.

(2) *Engineer Subordinates' Class.*—Two scholarships, each of Rupees 10 per mensem, will be awarded annually to the two candidates who pass highest on the list at the admission examination. The scholarships are re-awardable after each term examination.

A gold medal of the value of Rupees 60 will be awarded to the student who passes first in the final examination.

Prizes consisting of instruments or books will be given for special proficiency in particular subjects.

(3) *Draughtsmen's Class.*—Two scholarships, each of Rupees 8 per mensem, tenable during the second year of study, will be granted to the students who stand highest on the list at the term examination at the end of the first year.

A silver medal of the value of Rupees 10 will be given to the student who passes first in the final examination.

(4) *Surveyors' Class.*—Two scholarships, each of Rupees 8 per mensem, tenable during the second year of study, will be granted to the students who stand highest on the list at the term examination at the end of the first year.

A silver medal of the value of Rupees 10 will be given to the student who passes first in the final examination.

NOTE.—Scholarships may be reduced or forfeited for misbehaviour or other cause.

ARTICLE IX.—PRACTICAL COURSES.

All allowances during the practical course will be debitable to the Department of Public Works.

(1) *Civil and Mechanical Engineers.*—During the final year of practical training on works, subsistence allowances of Rupees 50 per mensem for Europeans and Eurasians and Rupees 25 per mensem for natives will be granted. Such allowances will, however, be contingent on the good conduct and satisfactory progress of the student under instruction; and on proof of misconduct or idleness the allowances may be cut down or withdrawn altogether by the officers in charge of the works.

(2) *Engineer Subordinates.*—As in the case of the Civil and Mechanical Engineer pupils, no fee will be exacted during the workshop year; and during the year of practical study on works stipends will be granted of Rupees 30 per mensem for Europeans and Eurasians and Rupees 20 per mensem for natives, subject to the conditions of good conduct, regular attendance, &c.

Soldier students will, during the workshop course, draw pay, rations, and clothing from their regiments, and the stipends prescribed for the theoretical course. During their year of practical training on works, they will cease to draw those allowances, and will be brought on to the Public Works Department scale of establishment as apprentice overseers, drawing the pay and allowances laid down in the Public Works Regulations.

ARTICLE X.—PROSPECTS OF STUDENTS.

(1) *Civil and Mechanical Engineers.*—One appointment annually as Assistant Engineer, third grade, in the Public Works Department, will for the present be conferred on the student highest on the list at the final examination who has also obtained the degree of B. C. E. To those next on the list appointments as Supervisors,

second grade, will be offered, in order of merit. The number of appointments to be so awarded will be in proportion to the requirements of the service, and will be fixed by the Chief Engineer. The number so determined on will be announced annually, at least six months before the final College examination. It is to be understood, however, that all vacancies in the Supervisor grade will not be filled by selection from the most distinguished of the passed students of this class, as a portion of such vacancies must be reserved for the best qualified subordinates of the Overseer grade.

(2) *Engineer Subordinates.*—Vacancies in the Overseer grades of the Public Works Establishment will be filled by passed men in the order of merit. Prior to each entrance examination, notice will be given of the number of such appointments likely to become available for competition by the then entering batch of candidates.

(3) *Draughtsmen.*—Certificated students of this class will be appointed to the Public Works Department as Draughtsmen and Estimators as vacancies occur. The course of instruction having been extended and the standard for certificate having been raised, passed students under these rules will be entitled to the improved salaries for the different classes of Draughtsmen which will be notified hereafter.

(4) *Surveyors.*—There are no permanent appointments available in the Public Works Establishment for Surveyors only; but, when the services of temporary men are required for special surveys not undertaken by the Public Works subordinate staff, the officers in charge are instructed to select for such employment none but passed Surveyors of the College of Engineering.

Qualified men may be appointed Probationary Deputy Surveyors, Madras Survey, on Rupees 50 with the prospect of rising eventually to the rank of Sub-Assistant Superintendent on Rupees 250.

NOTE.—It is the duty of the Principal to render all reasonable assistance to passed students who may not be appointed to the Public Works Department in seeking employment under Local and Municipal Boards and other agencies. With this view, lists of qualified men, with remarks as to their attainments, conduct, &c., will be circulated annually to Local Fund Boards and Municipalities, with recommendations that they may be employed in suitable posts when opportunities offer.

ARTICLE XI.—GENERAL.

(1) Students in the Civil and Mechanical Engineer classes are expected to appear for the B. C. E. Degree Examination; but they

are discouraged from appearing until they have completed the three years' theoretical course.

(2) All students must provide themselves with the text-books in use and with the necessary apparatus, instruments (except surveying instruments), &c. They will, with the exception of military students, be non-resident. Strict observance of the standing rules of the institution as regards attendance, discipline, &c., will be expected from all.

(3) Students during their practical course shall not be under the supervision of the Principal of the College, but officers under whom they are serving will be required in the Public Works Department to furnish to the Principal half-yearly reports of their progress in such form as may from time to time be prescribed by Government.

The following is the Staff of the College of Engineering, Madras :—

COLLEGIATE DEPARTMENT.

Engineering—Captain H. D. Love, R. E.

Mathematics—M. Kenny, Esq , B.A.

Surveying, Drawing, and Estimating—H. W. Hyde, Esq.

ENDOWMENTS.

FACULTY OF ARTS.

The Governor's Scholarship.

This Scholarship was founded on the 23rd May 1868 by the Right Honorable Francis Napier, *Baron* Napier, K. T., Governor of Fort St. George.

2 It is of the present monthly value of about Rs. 27, tenable for four years.

3. By the terms of the Deed of Endowment (given in the Calendar for 1880-81, p. 156) the Scholarship is for the support of a student in Arts, who must have been born in the city and collectorate of Madras.

4 The Scholarship shall be awarded to the student who has obtained the highest number of marks at the Matriculation Examination, provided that the number shall not be less than two hundred and fifty, or (in the event of the scale of marks being altered) three-fifths of the total marks obtainable. Should two or more Candidates obtain the same number of marks, the Syndicate shall decide which of them is to receive the Scholarship.

5. The holder of the Scholarship shall forfeit it, if he fail to obtain a position in the first class on the earliest occasion on which he is admissible to the First Examination in Arts.

6. From the date of his passing the First Arts Examination, one-third of the income shall be kept in reserve, and shall be paid over to the holder of the Scholarship only in the event of his passing the Bachelor of Arts Exam-

ination on the first occasion on which he is admissible to it.

7. In the event of the one-third of the income being forfeited as above, it shall be added to the Fund.

8. The Syndicate may declare that the holder of the Scholarship has forfeited it for any misconduct which they may consider sufficient cause for such forfeiture, and there shall be no appeal from their decision.

9. At the expiration of every six years from the date of foundation the Senate may make new regulations with respect to the Scholarship; but they have no power to divide it, or to reduce its amount.

SCHOLARS.

Sir Tanjore Madhava Rau's Prizes.

These prizes were instituted on the 29th January 1869 by Sir Tanjore Madhava Rau, K.C.S.I.

2. These prizes, which are two in number, are of the present annual value of about Rs. 60 and Rs. 40 respectively, and may consist of money or books at the discretion of the Senate.

3. By the terms of the Deed of Endowment (given in the Calendar for 1880-81, p. 161) the prizes shall be awarded to Hindu students who were born, and have lived ten years, in the collectorate of Tanjore. The first prize of six-tenths of the income shall be awarded to the student

who stands highest in the first class in the First Arts Examination; the second of four-tenths to the student who stands highest in the Matriculation Examination.

4. Candidates must produce a certificate of good conduct and progress from the Master of their school, or from some other person whose testimony the Syndicate may consider satisfactory.

5. If in any year the prizes, or one of them, be not awarded, the amount thereof shall be added to the Fund.

6. At the expiration of every three years from the date of institution the Senate may make new regulations with respect to the prizes; but they have no power to divide them, or to reduce their amount.

The Johnston of Carnsalloch Scholarships.

These Scholarships were founded on the 6th May 1872 by Patrick Francis Campbell-Johnston, Esq., of Carnsalloch, Dumfries, Scotland, in fulfilment of the intention of his father, the late Sir Alexander Johnston.

2. The income is derived from the proceeds of certain land and buildings near the town of Madura, known as the "Tunkum," and of which Sir Alexander Johnston claimed to be the proprietor.

3. By the terms of the Deed of Endowment (given in the Calendar for 1880-81, p. 174) the Scholarships shall be awarded to Matriculated students being Natives of the District of Madura, without respect to class, caste, or religion, according to rules to be framed by the University.

4. The following rules have been framed in accordance with the above:—

(*a*) One Scholarship will be awarded annually to the Candidate, being a Native of the District of Madura, who shall stand highest at the First Examination in Arts immediately preceding his election, and who is pursuing his

studies in an affiliated College: provided that such Scholarship shall not be held in conjunction with any other Scholarship whatever.

(*b*) The Scholarships shall be tenable for two years.

(*c*) The monthly value of the Scholarships shall be Rs. 20 if held by Candidates studying in Madras, but Rs. 15 if held by Candidates studying in the Mofussil.

(*d*) It shall be lawful for the Syndicate of the University of Madras to declare that the holder of a Scholarship has forfeited it for any misconduct which they may consider a sufficient cause for such forfeiture, and there shall be no appeal from their decision.

(*e*) In the case of the death of any holder of a Scholarship, or in the event of the same being vacated or forfeited by the holder thereof from any cause whatever, the Syndicate shall be at liberty either to appoint another scholar, or to add the unexpended amount to the corpus of the Fund.

(*f*) At the time of the examination, the age of the Candidate must not have exceeded twenty-one years.

(*g*) The scholar must engage to prosecute his studies up to the Degree of Bachelor of Arts in some College affiliated to the University of Madras.
